ALLIANCE BANK

THE BANK FOR LIFE™

REPORT AND FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 MARCH 2024

FINANCIAL STATEMENTS

STATEMENT OF BOARD OF DIRECTORS' RESPONSIBILITIES

FOR PREPARATION OF THE ANNUAL AUDITED FINANCIAL STATEMENTS

The Companies Act 2016 requires Directors to prepare financial statements for each financial year, which give a true and fair view of the financial position as at the end of the financial year and the financial performance for the financial year of the Group and the Bank.

In preparing the financial statements, the Directors are responsible for the adoption of suitable accounting policies that comply with the provisions of the Companies Act 2016, the Malaysian Financial Reporting Standards, and International Financial Reporting Standards. The Directors are also responsible to ensure their consistent use in the financial statements, supported where necessary by reasonable and prudent judgments.

The Directors hereby confirm that suitable accounting policies have been consistently applied in the preparation of the financial statements. The Directors also confirm that the Group and the Bank maintain adequate accounting records and an effective system of internal controls to safeguard the assets of the Group and the Bank and prevent and detect fraud or any other irregularities.

DIRECTORS' REPORT

The Directors have pleasure in submitting their report together with the audited financial statements of the Group and of the Bank for the financial year ended 31 March 2024.

PRINCIPAL ACTIVITIES

The Bank is principally engaged in all aspects of banking business and the provision of related financial services.

The principal activities of the subsidiaries, as set out in Note 12 to the financial statements, consist of Islamic banking, nominees services, investment advisory services and related financial services.

There have been no significant changes in the nature of these activities during the financial year except that during the financial year, AIBB Berhad ("AIBB") (formerly known as Alliance Investment Bank Berhad) had on 13 December 2023 returned its Investment Banking License to Bank Negara Malaysia and ceased its operations. In addition, Alliance Trustee Berhad has ceased to be a subsidiary of the Bank on 31 May 2023.

FINANCIAL RESULTS

	GROUP RM'000	BANK RM'000
Profit before taxation	911,322	762,484
Taxation	(220,847)	(163,541)
Net profit for the financial year	690,475	598,943

RESERVES AND PROVISIONS

There were no material transfers to or from reserves or provisions during the financial year other than as disclosed in the financial statements.

DIVIDENDS

The amounts of dividends declared and paid by the Group and the Bank since 31 March 2023 were as follows:

	RM'000
(i) A single tier second interim dividend of 10.00 sen per share, on 1,548,105,929 ordinary shares in respect of the financial year ended 31 March 2023, was paid on 28 June 2023.	154,811
(ii) A single tier first interim dividend of 10.85 sen per share, on 1,548,105,929 ordinary shares in respect of the financial year ended 31 March 2024, was paid on 28 December 2023.	167,970
	322,781

Subsequent to the financial year end, the Directors declared a single tier second interim dividend of 11.45 sen per share, on 1,548,105,929 ordinary shares amounting to approximately RM177,258,000 in respect of the current financial year. The accompanying financial statements do not reflect this dividend. The dividend will be accounted for in shareholders' equity as an appropriation of retained profits in the financial year ending 31 March 2025.

The Directors do not propose any final dividend in respect of the financial year ended 31 March 2024.

DIRECTORS' REPORT

ISSUE OF SHARES AND DEBENTURES

There was no issuance of new shares during the financial year. The Group and the Bank made various issuance and redemption of debt securities during the financial year. The details are set out in Note 24 to the financial statements.

BAD AND DOUBTFUL DEBTS

Before the financial statements of the Group and of the Bank were prepared, the Directors took reasonable steps to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of allowance for doubtful debts, and satisfied themselves that all known bad debts had been written off and adequate allowances have been made for doubtful debts.

At the date of this report, the Directors are not aware of any circumstances which would render the amount written off for bad debts or the amount of the allowance for doubtful debts in the financial statements of the Group and of the Bank inadequate to any substantial extent.

CURRENT ASSETS

Before the financial statements of the Group and of the Bank were prepared, the Directors took reasonable steps to ascertain that any current assets which were unlikely to realise their value as shown in the accounting records in the ordinary course of business, had been written down to an amount which the current assets might be expected so to realise.

At the date of this report, the Directors are not aware of any circumstances which would render the values attributed to the current assets in the financial statements of the Group and of the Bank misleading.

VALUATION METHOD

At the date of this report, the Directors are not aware of any circumstances which have arisen which would render adherence to the existing method of valuation of assets or liabilities of the Group and of the Bank as misleading or inappropriate.

CONTINGENT AND OTHER LIABILITIES

At the date of this report, there does not exist:

(i) any charge on the assets of the Group or of the Bank which has arisen since the end of the financial year which secures the liabilities of any other person; or

(ii) any contingent liability in respect of the Group or of the Bank which has arisen since the end of the financial year other than in the ordinary course of banking business.

No contingent or other liability of the Group or of the Bank has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may affect the ability of the Group or of the Bank to meet their obligations as and when they fall due.

CHANGE OF CIRCUMSTANCES

At the date of this report, the Directors are not aware of any circumstances, not otherwise dealt with in this report or the financial statements of the Group and of the Bank, which would render any amount stated in the financial statements misleading.

DIRECTORS' REPORT

ITEMS OF AN UNUSUAL NATURE

In the opinion of the Directors:

(i) the results of the operations of the Group and of the Bank during the financial year were not substantially affected by any item, transaction or event of a material and unusual nature; and

(ii) there has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature which is likely to affect substantially the results of the operations of the Group and of the Bank for the financial year in which this report is made.

DIRECTORS

The Directors of the Bank in office during the financial year and during the period from the end of the financial year to the date of this report are:

Tan Sri Dato' Ahmad Bin Mohd Don (Chairman)
Wong Yuen Weng Ernest
Tan Chian Khong
Susan Yuen Su Min
Lum Piew
Cheryl Khor Hui Peng
Mazidah Binti Abdul Malik (appointed on 30 May 2023)
Chia Yew Hock Wilson (appointed on 3 November 2023)
Dr John Lee Hin Hock (appointed on 1 April 2024)
Lee Boon Huat (retired with effect from 7 April 2024)
Datuk Wan Azhar Bin Wan Ahmad (retired with effect from 7 April 2024)
Lee Ah Boon (resigned on 3 November 2023)

DIRECTORS' REMUNERATION

The Directors' remuneration for the Group and the Bank for the financial year amounted to RM4,584,000 and RM3,468,000 respectively. Details of Directors' Remuneration are set out in Note 39 to the financial statements.

DIRECTORS' BENEFITS

Neither at the end of the financial year, nor at any time during that year, did there subsist any arrangements to which the Bank is a party, whereby the Directors might acquire benefits by means of the acquisition of shares in, or debentures of, the Bank or any other body corporate.

Since the end of the previous financial year, no Director of the Bank has received or become entitled to receive any benefit (other than benefits shown under Directors' Remuneration in Note 39 to the financial statements) by reason of a contract made by the Bank or its subsidiary with the Director or with a firm of which the Director is a member, or with a company in which the Director has a substantial financial interest.

DIRECTORS' INTERESTS

According to the Register of Directors' Shareholdings that is required to be kept under Section 59 of the Companies Act 2016, none of the Directors in office at the end of the financial year had any interest in shares of the Bank or its subsidiaries or its related corporations during the financial year.

DIRECTORS' REPORT

BUSINESS REVIEW FOR FINANCIAL YEAR ENDED ("FYE") 31 MARCH 2024

Profitability

The Group recorded a net profit after taxation of RM690.5 million for the financial year ended on 31 March 2024, marking a year-on-year ("YoY") increase of RM12.6 million or 1.9%. This growth was primarily driven by the elevated revenue and a reduction in allowances for expected credit losses.

Net interest income saw a significant improvement, rising by RM67.5 million or 4.1% YoY, predominantly attributed to heightened loan growth and an increase in the Overnight Policy Rate ("OPR"). The net interest margin ("NIM") reached 2.48%.

Loan Growth

The implementation of the ACCELER8 strategic plan facilitated a notable expansion in the Group's loans, advances, and financing, which surged by 13.6% YoY to reach RM55.7 billion. This growth was predominantly propelled by advancements across all business lines.

Other Operating Income

The Group reported other operating income of RM300.3 million, marking an increase of RM33.2 million or 12.4% YoY. This growth primarily stemmed from higher wealth management and Banca fee income, as well as increased revenue from FX sales, processing fees, and trade fees.

Operating Expenses

Operating expenses saw a rise of RM92.4 million or 10.5% YoY, resulting in a cost-to-income ratio ("CIR") of 48.2%. The Group remains committed to prudent cost management throughout the financial year.

Asset Quality

The Group's allowance for expected credit losses on loans, advances, financing, and other financial assets posted a net charge of RM135.4 million, marking a decrease of RM16.4 million YoY. The net credit cost stood at 25.8 basis points, while the loan loss coverage, including regulatory reserves, reached 113.8%.

The Group will maintain a prudent approach by implementing the credit risk framework across all business lines. This involves stratifying customers based on the risk profiles and prioritising customer interactions accordingly. Additionally, the Group will focus on controlling credit costs through the refinement of credit policies, tightening credit underwriting standards, and intensifying collection efforts.

Healthy Funding and Liquidity Position

The Group's current/savings account ("CASA") ratio was recorded at 41.6%, with customer-based funding totaling RM59.7 billion. Our funding strategy has enabled the Group to maintain robust liquidity coverage and loans-to-funds ratios, which stood at 156.8% and 87.0%, respectively.

Proactive Capital Management

We continued to maintain a robust capital position with the Common Equity Tier I ("CET I") ratio at 12.9%, the Tier-1 Capital Ratio at 13.6%, and the Total Capital Ratio at 17.2%, all comfortably surpassing regulatory thresholds.

For the financial year ended 31 March 2024, the Group declared a second interim dividend of 11.45 sen per share.

DIRECTORS' REPORT

BUSINESS REVIEW FOR FINANCIAL YEAR ENDED ("FYE") 31 MARCH 2024 (CONT'D)

Performance by business segment and subsidiary

The Group's business segments encompass Consumer Banking, Business Banking, and Financial Markets.

In the Consumer Banking segment, profit before tax amounted to RM148.6 million, reflecting a decrease of RM7.9 million YoY. Net income saw a modest increase of RM2.3 million or 0.4% to RM655.6 million, driven primarily by a rise in other operating income of RM22.5 million, partially offset by a decrease in net interest income by RM20.2 million. Operating expenses increased by RM52.2 million or 12.1%, while the allowance for expected credit losses improved by RM41.9 million. Segment assets were recorded at RM28.8 billion.

For the Business Banking segment, comprising corporate, commercial, and SME banking, profit before tax rose to RM497.5 million, marking an increase of RM19.7 million or 4.1% YoY. Net income surged by RM98.1 million or 10.8% to RM1.0 billion, driven by higher net interest income by RM59.9 million and higher other operating income by RM38.1 million. Operating expenses increased by RM51.3 million or 15.0%, while the allowance for expected credit losses rose by RM27.1 million. Segment assets were recorded at RM29.0 billion.

In the Financial Markets segment, profit before tax reached RM289.6 million, up by RM7.4 million or 2.6% YoY. Net income increased by RM9.3 million or 2.8%, primarily due to higher net interest income by RM32.8 million, partially offset by lower other operating income by RM23.6 million. Operating expenses rose by RM1.3 million or 3.0%. Segment assets recorded at RM19.1 billion.

The Islamic Banking segment, which includes consumer banking, business banking, and financial markets, recorded a net profit after taxation of RM161.8 million, down by RM0.4 million or 0.3% YoY. Net income decreased by RM3.1 million or 0.7%. Net profit income declined by RM9.7 million, while other operating income increased by RM6.5 million. Operating expenses increased by RM23.1 million or 14.8%. The allowance for expected credit losses improved by RM30.2 million. Total assets stood at RM17.8 billion.

ECONOMIC AND BUSINESS OUTLOOK FOR NEXT FINANCIAL YEAR

For 2024, Bank Negara Malaysia ("BNM") projects Malaysia's gross domestic product ("GDP") growth to range between 4% and 5%, an improvement from the 3.7% growth observed in the preceding year.

We anticipate Malaysia's economic advancement will be bolstered by sustained domestic demand, propelled by ongoing enhancements in labour market conditions and renewed governmental efforts to stimulate growth. However, we are cognisant of the uneven nature of the overall recovery, with certain sectors experiencing continued strain. Furthermore, we maintain a cautious stance regarding potential downside risks to growth stemming from external uncertainties, such as escalating geopolitical tensions.

Looking ahead to FY2025, the Group anticipates maintaining its positive financial performance and remains committed to realising growth objectives under ACCELER8. In FY2025, our focus areas include:

(i) Continuing momentum in customer acquisition through the expansion of new-to-bank acquisition channels, leveraging digital platforms, strategic partnerships, increased productivity, and branch enhancements;

(ii) Deepening client wallet share post-customer acquisition by enhancing product and channel offerings for key target segments and sectors in both Consumer and Business Banking, with the aim of driving fee income. Additionally, we will seek to maximise cross-business unit collaboration to provide more comprehensive customer service; and

(iii) Strengthening Islamic banking propositions to drive incremental growth, with a focus on scaling up differentiated Islamic banking solutions such as Halal in One to accelerate expansion.

With a focus on prudent loan growth above industry averages, robust credit risk management practices, enhancement of deposit/CASA propositions, and continued investments in technology, the Group aims to further expand its market share in FY2025.

DIRECTORS' REPORT

RATING BY EXTERNAL RATING AGENCY

The Bank is rated by RAM Rating Services Berhad ("RAM"). Based on RAM's rating in November 2023, the Bank's short-term and long-term ratings are reaffirmed at P1 and A1 respectively. RAM has classified these rating categories as follows:

P1 - Financial institutions in this category have superior capacities for timely payments of obligations.

A1 - Financial institutions rated in this category are adjudged to offer adequate safety for timely payments of financial obligations. This level of rating indicates financial institutions with adequate credit profiles, but possess one or more problem areas, giving rise to the possibility of future riskiness. Financial institutions rated in this category have generally performed at industry average and are considered to be more vulnerable to changes in economic conditions than those rated in the higher categories.

SUBSIDIARIES

Details of subsidiaries are set out in Note 12 to the financial statements.

AUDITORS' REMUNERATION

Total auditors' remuneration for the Group and the Bank for the financial year ended 31 March 2024 are RM2,721,000 and RM2,340,000 respectively. Details of auditors' remuneration are set out in Note 31 to the financial statements.

SIGNIFICANT EVENTS DURING THE FINANCIAL YEAR

The significant events during the financial year are disclosed in Note 48 to the financial statements.

SUBSEQUENT EVENTS

The events subsequent to the end of the financial reporting period are disclosed in Note 49 to the financial statements.

AUDITORS

The auditors, PricewaterhouseCoopers PLT (LLP0014401-LCA & AF 1146), have expressed their willingness to continue in office.

Signed on behalf of the Board of Directors in accordance with a resolution of the Directors.

INDEPENDENT AUDITORS' REPORT
TO THE MEMBERS OF ALLIANCE BANK MALAYSIA BERHAD
(INCORPORATED IN MALAYSIA)
(COMPANY NO: 198201008390 (88103-W))

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Our opinion

In our opinion, the financial statements of Alliance Bank Malaysia Berhad ("the Bank") and its subsidiaries ("the Group") give a true and fair view of the financial position of the Group and of the Bank as at 31 March 2024, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

What we have audited

We have audited the financial statements of the Group and of the Bank, which comprise the statements of financial position as at 31 March 2024 of the Group and of the Bank, and the statements of income, statements of comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Bank for the financial year then ended, and notes to the financial statements, including a summary of material accounting policies, as set out on pages 213 to 364.

Basis for opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the "Auditors' responsibilities for the audit of the financial statements" section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and other ethical responsibilities

We are independent of the Group and of the Bank in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Our audit approach

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the financial statements of the Group and the Bank. In particular, we considered where the Directors made subjective judgements; for example, in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits, we also addressed the risk of management override of internal controls, including among other matters, consideration of whether there was evidence of bias that represented a risk of material misstatement due to fraud.

We tailored the scope of our audit in order to perform sufficient work to enable us to provide an opinion on the financial statements as a whole, taking into account the structure of the Group and of the Bank, the accounting processes and controls, and the industry in which the Group and the Bank operate.

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONT'D)

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Bank for the current financial year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Bank as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters	How our audit addressed the key audit matters
Allowance for impairment on loans, advances and financing	
Refer to accounting policy 2(a)(ii) and 2(j)(i), Notes 9 and 32 of the Financial Statements of the Group and the Bank. MFRS 9 introduces an expected credit loss ("ECL") impairment model, which requires the use of complex models and significant assumptions about future economic conditions and credit behaviour. This is a complex accounting standard which has required considerable judgement and estimates in its implementation. In particular, the significant judgements in applying the accounting requirements for measuring ECL include the following: • The models are inherently complex and judgement is applied in determining the appropriate construct of the model; • Identification of loans, advances and financing that have experienced a significant increase in credit risk; and • Assumptions used in the ECL models such as expected future cash flows, forward-looking macroeconomic factors and data sets to be used as inputs to the models.	We obtained an understanding and tested management's controls over identification of loans, advances and financing that have experienced significant increase in credit risk or objective evidence of impairment in accordance with the Group's policy and procedures, and the calculation of ECL provisions. We tested a sample of loans, advances and financing and assessed the reasonableness of management's judgement that there was no significant increase in credit risk or objective evidence of impairment for these loans. Where objective evidence of impairment was identified by the Group and impairment loss was individually calculated, we examined both the quantum and timing of future cash flows used by the Group in the impairment loss calculation, challenged the assumptions and compared the assumptions to external evidence where available. Calculations of the discounted cash flows were also re-performed. For staging and identification of exposures with significant increase in credit risk, we assessed and tested the reasonableness of the transfer criteria applied by the Group for different types of credit exposures. We evaluated if the transfer criteria are consistent with the Group's policy and credit risk management practices.

Key audit matters (cont'd)

Key audit matters	How our audit addressed the key audit matters
Allowance for impairment on loans, advances and financing (cont'd)	
	To determine the appropriateness of models implemented by the Group, we have: 1) Assessed the methodologies inherent within the ECL models applied against the requirements of MFRS 9; 2) Tested the design and operating effectiveness of the controls relating to: - Governance over ECL model and methodology; - Data used to determine the allowances for credit losses; and - Calculation, review and approval of the ECL calculation. 3) Assessed and tested the significant modelling assumptions; 4) Assessed and considered reasonableness of forward-looking forecasts assumptions. In assessing the appropriateness of management's forecast economic conditions, we have checked to independent sources to determine whether the macro-economic information is supportable and reasonable at the reporting date of the Group's financial statements. We have also checked the reasonableness of the probability weightage accorded to the economic scenarios; 5) Checked the accuracy of data and calculation of the ECL amount, on a sample basis and assessed the reasonableness of the overlay adjustment to the ECL; and 6) Assessed whether the disclosures in the financial statements appropriately reflect the Group's credit risk exposures. Based on the procedures performed, we did not find any material exceptions to the Group's assessment on impairment of loans, advances and financing.

Key audit matters (cont'd)

<table>
<tr><th>Key audit matters</th><th>How our audit addressed the key audit matters</th></tr>
<tr><td colspan="2">Impairment testing of goodwill</td></tr>
<tr><td>Refer to accounting policy 2(a)(i) and 2(j)(ii)(a) and Note 17 of the Financial Statements of the Group and the Bank.

Management performed annual impairment assessment on goodwill.

The recoverable amount of each cash generating units ("CGU") of which goodwill has been allocated was determined based on the value-in-use method. The value-in-use was determined using cash flow projections based on the financial budget and business plans approved by the Board of Directors, each of which is dependent on significant management judgement and can be influenced by management bias.</td><td>We tested management's impairment assessment of goodwill as follows:

1) Compared the cash flow projection of each CGU to approved budgets and business plans for each CGU.

2) Compared historical cash flow projections to actual results of each CGU to assess the reasonableness of forecasting.

3) Assessed the reasonableness of the annual growth rates used in the cash flow projections of each CGU.

4) Assessed the reasonableness of the applied discount rates by comparing to external and industry information. The applied discount rates reflect the specific risks relating to each CGU where the risk associated to each CGU is determined based on the CGU's business and operating model.

5) Assessed the reasonableness of the multiple probability weighted scenarios applied to the cash flow assumptions.

6) Evaluated reasonableness of terminal growth rates used by comparing to Malaysia's forecasted GDP rate.

7) Independently performed sensitivity analysis to assess the potential impact of a reasonable possible change of the key assumptions on the recoverable amount of each CGUs.

8) Reviewed the adequacy of the Group's and the Bank's disclosures within the financial statements about these assumptions to which the outcome of the impairment test is most sensitive.

Based on the evidence obtained, we found that the assumptions used by management in the value-in-use calculation were within a reasonable range.</td></tr>
</table>

We have determined that there are no key audit matters to report for the Bank.

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONT'D)

Information other than the financial statements and auditors' report thereon

The Directors of the Bank are responsible for the other information. The other information comprises the Directors' Report, but does not include the financial statements of the Group and of the Bank and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Bank does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Bank, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Bank or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the financial statements

The Directors of the Bank are responsible for the preparation of the financial statements of the Group and of the Bank that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Bank that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Bank, the Directors are responsible for assessing the Group's and the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Bank or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Bank as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

(Company No: 198201008390 (88103-W))

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONT'D)

Auditors' responsibilities for the audit of the financial statements (cont'd)

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

(a) Identify and assess the risks of material misstatement of the financial statements of the Group and of the Bank, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

(b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Bank's internal control.

(c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.

(d) Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Bank or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Bank to cease to continue as a going concern.

(e) Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Bank, including the disclosures, and whether the financial statements of the Group and of the Bank represent the underlying transactions and events in a manner that achieves fair presentation.

(f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONT'D)

Auditors' responsibilities for the audit of the financial statements (cont'd)

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Bank for the current financial year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

This report is made solely to the members of the Bank, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

1. PRINCIPAL ACTIVITIES AND GENERAL INFORMATION

The Bank is principally engaged in all aspects of banking business and the provision of related financial services.

The principal activities of the subsidiaries are Islamic banking, nominees services, investment advisory services and related financial services.

There have been no significant changes in the nature of these activities during the financial year except that during the financial year, AIBB had returned its Investment Banking License to Bank Negara Malaysia and ceased its operations. In addition, Alliance Trustee Berhad has ceased to be a subsidiary of the Bank.

The Bank is a public limited liability company, incorporated and domiciled in Malaysia. The registered office is located at 3rd Floor, Menara Multi-Purpose, Capital Square, No 8 Jalan Munshi Abdullah, 50100 Kuala Lumpur, Malaysia.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the Directors on 30 May 2024.

2. MATERIAL ACCOUNTING POLICIES

(a) Basis of Preparation

Malaysian Financial Reporting Standards ("MFRS") Framework

The financial statements of the Group and the Bank have been prepared in accordance with MFRS, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

The financial statements of the Group and the Bank have been prepared under the historical cost convention, as modified by the financial investments at fair value through other comprehensive income and financial assets/liabilities (including derivative instruments) at fair value through profit or loss.

The financial statements incorporate all activities relating to the Islamic banking business which have been undertaken by the Group. Islamic banking business refers generally to the acceptance of deposits and granting of financing under the Shariah principles.

The financial statements are presented in Ringgit Malaysia ("RM") and all numbers are rounded to the nearest thousand (RM'000), unless otherwise stated.

The preparation of the financial statements in conformity with MFRS requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported period. It also requires the Directors to exercise their judgement in the process of applying the Group's and the Bank's accounting policies. Although these estimates and judgement are based on the Directors' best knowledge of current events and actions, actual results may differ from those estimates.

The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are described in the following notes:

(i) Annual testing for impairment of goodwill (Note 17) - the measurement of the recoverable amount of cash-generating units is determined based on the value-in-use method, which requires the use of estimates for cash flow projections approved by the Board of Directors covering a 4-year period, estimated growth rates for cash flows beyond the fourth year are extrapolated in perpetuity and discount rates are applied to the cash flow projections. A sensitivity assessment has been performed by stressing the estimated growth rates and discount rates by a certain percentage.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(a) Basis of Preparation (cont'd)

Malaysian Financial Reporting Standards ("MFRS") Framework (cont'd)

The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are described in the following notes: (cont'd)

(ii) The measurement of allowance for expected credit losses ("ECL") for financial assets measured at amortised cost and at fair value through other comprehensive income. These are the areas that require the use of significant assumptions about future economic conditions and credit behaviour.

The allowance for ECL is recognised using forward-looking information including macroeconomic factors. Using forward-looking information will increase the level of judgement as to how changes in these macroeconomic factors will affect the allowance for ECL. The methodology and assumptions including any forecasts of future economic conditions will continue to be monitored and reviewed.

The sensitivity effect on the macroeconomic factor is further disclosed in Note 40(a)(vi).

Some of the areas of significant judgements involved in the measurement of ECL are detailed as follows:

- Significant increase in credit risk and further disclosure in Note 40(a)(iv)(a);
- Development of ECL models and assumption for the measurement of ECL;
- Determining the number and relative weightings of forward-looking scenarios; and
- Establishing groups of similar financial assets for the purpose of measuring ECL on a collective basis.

The Group and the Bank have also applied overlays and post model adjustments to determine a sufficient overall level of allowance for ECL as at 31 March 2024. The basis is further disclosed in Note 40(a)(vii).

Standards, amendments to published standards and interpretations that are effective and applicable to the Group and the Bank

The new accounting standards, amendments and improvements to published standards and interpretations that are effective for the Group and the Bank for the financial year beginning on 1 April 2023 are as follows:

- Amendments to MFRS 101 and MFRS Practice Statement 2 on "Disclosure of Accounting Policies"
- Amendments to MFRS 108 "Definition of Accounting Estimates"
- Amendments to MFRS 112 "Deferred Tax related to Assets and Liabilities arising from a Single Transaction"

The adoption of the above standards, amendments to published standards and interpretations to existing standards did not have any significant impact on the financial statements of the Group and the Bank.

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(a) Basis of Preparation (cont'd)

Standards, amendments to published standards and interpretations to existing standards that are applicable to the Group and the Bank but not yet effective

The Group and the Bank will apply the new standards, amendments to standards and interpretations in the following period:

Financial year beginning after 1 April 2024

(i) Amendments to MFRS 16 "Lease Liability in a Sales and Leaseback"

The amendments specify the measurement of the lease liability arises in a sale and leaseback transaction that satisfies the requirements in MFRS 15 "Revenue from Contracts with Customers" to be accounted for as a sale. In accordance with the amendments, the seller-lessee shall determine the "lease payments" or "revised lease payments" in a way that it does not result in the seller-lessee recognising any amount of the gain or loss that relates to the right of use it retains.

The amendments shall be applied retrospectively to sales and leaseback transactions entered into after the date when the seller-lessee initially applied MFRS 16.

(ii) Amendments to MFRS 101 "Classification of Liabilities as Current or Non-current"

The amendments clarify that a liability is classified as non-current if an entity has a substantive right at the end of the reporting period to defer settlement for at least 12 months after the reporting period.

A liability is classified as current if a condition is breached at or before the reporting date and a waiver is obtained after the reporting date. A loan is classified as non-current if a covenant is breached after the reporting date.

In addition, the amendments clarify that when a liability could be settled by the transfer of an entity's own equity instruments (e.g. a conversion option in a convertible bond), the conversion option that is not an equity instrument as defined in MFRS 132 "Financial Instruments: Presentation" is considered in the current or non-current classification of the convertible instrument.

The amendments shall be applied retrospectively.

(iii) Amendments to MFRS 101 "Non-current Liabilities with Covenants"

The amendments specify that covenants of loan arrangements which an entity must comply with only after the reporting date would not affect classification of a liability as current or non-current at the reporting date. However, those covenants that an entity is required to comply with on or before the reporting date would affect classification of a liability as current or non-current, even if the covenant is only assessed after the reporting date.

The amendments shall be applied retrospectively.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(a) Basis of Preparation (cont'd)

Standards, amendments to published standards and interpretations to existing standards that are applicable to the Group and the Bank but not yet effective (cont'd)

The Group and the Bank will apply the new standards, amendments to standards and interpretations in the following period: (cont'd)

<u>Financial year beginning after 1 April 2025</u>

(i) Amendments to MFRS 121 "Lack of Exchangeability"

The amendments clarify that a currency is exchangeable when an entity is able to exchange it into another currency within a time frame that allows for a normal administrative delay and through a market or exchange mechanism that creates enforceable rights and obligations.

If an entity can only obtain no more than an insignificant amount of the other currency at the measurement date for a specified purpose, then the currency is not exchangeable. In such cases, the entity is required to estimate the spot exchange rate at the measurement date.

(b) Economic Entities in the Group

(i) Subsidiaries

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The consolidated financial statements comprise the financial statements of the Bank and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries are prepared for the same reporting date as the Bank.

Subsidiaries are consolidated using the acquisition method of accounting. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement and fair value of any pre-existing equity interest in the subsidiary. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are with limited exceptions, measured initially at their fair values at the acquisition date. The Group recognises any non-controlling interest in the acquiree on an acquisition-by-acquisition basis, either at fair value or at the non-controlling interest's proportionate share of the recognised amounts of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recognised as goodwill [Note 2(d)(i)]. If the total of consideration transferred, non-controlling interest recognised and previously held interest measured is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised directly in the statements of income.

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(b) Economic Entities in the Group (cont'd)

(i) Subsidiaries (cont'd)

If the business combination is achieved in stages, the carrying value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date, any gains or losses arising from such remeasurement are recognised in statements of income.

Any contingent consideration to be transferred by the Group is recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration that is deemed to be an asset or liability is recognised in accordance with MFRS 9 in statements of income. Contingent consideration that is classified as equity is not remeasured, and its subsequent settlement is accounted for within equity.

In a group reorganisation, the assets and liabilities of the acquired entity are included in the consolidated financial statements of the Group at their existing carrying amounts without fair value uplift. The difference between the consideration given and the aggregate carrying amounts of the assets and liabilities (as of the date of the transaction) is recognised in equity. No goodwill is recognised. The acquired entity's assets and liabilities are incorporated in the consolidated financial statements of the Group as if the entity had always been, prior to the group reorganisation.

Intercompany transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transfer assets. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

(ii) Changes in Ownership Interests in Subsidiaries Without Change of Control

Transactions with non-controlling interests that do not result in loss of control are accounted for as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised in equity attributable to owners of the Group.

(iii) Disposal of Subsidiaries

When the Group ceases to consolidate because of a loss of control, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in statements of income. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to statements of income.

Gains or losses on the disposal of subsidiaries include the carrying amount of goodwill relating to the subsidiaries sold.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(b) Economic Entities in the Group (cont'd)

(iv) Associates

Associates are all entities over which the Group has significant influence, but not control or joint control, generally accompanying a shareholding of between 20% and 50% of voting rights. Significant influence is the power to participate in financial and operating policy decisions of associates but not power to exercise control over those policies.

Investments in associates are accounted for using the equity method of accounting. Under the equity method, the investment in an associate is initially recognised at cost, and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the associate in statements of income, and the Group's share of movements in other comprehensive income of the associate in other comprehensive income. Dividends received or receivable from an associate are recognised as a reduction in the carrying amount of the investment. When the Group's share of losses in an associate equals or exceeds its interests in the associate, including any long-term interests that, in substance, form part of the Group's net investment in the associate, the Group does not recognise further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the associate. The Group's investment in associates includes goodwill identified on acquisition.

The Group determines at each reporting date whether there is any objective evidence that the investment in the associate is impaired. An impairment loss is recognised for the amount by which the carrying amount of the associate exceeds its recoverable amount.

Profits and losses resulting from upstream and downstream transactions between the Group and its associate are recognised in the Group's financial statements only to the extent of unrelated investor's interests in the associates. Unrealised gains on transactions between the Group and its associates are eliminated to the extent of the Group's interest in the associates, unrealised losses are also eliminated unless the transaction provides evidence on impairment of the asset transferred. Where necessary, in applying the equity method, adjustments are made to the financial statements of associates to ensure consistency of accounting policies with those of the Group.

When the Group ceases to equity account its associate because of a loss of significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in statements of income. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as a financial asset. In addition, any amount previously recognised in other comprehensive income in respect of the entity is accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to statements of income.

If the ownership interest in an associate is reduced but significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income is reclassified to statements of income where appropriate.

Dilution gains and losses arising in investments in associates are recognised in the statements of income.

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(b) Economic Entities in the Group (cont'd)

(v) Joint Arrangements

A joint arrangement is an arrangement of which there is contractually agreed sharing of control by the Group with one or more parties, where decisions about the relevant activities relating to the joint arrangement require unanimous consent of the parties sharing control. The classification of a joint arrangement as a joint operation or a joint venture depends upon the rights and obligations of the parties to the arrangement. A joint venture is a joint arrangement whereby the joint venturers have rights to the net assets of the arrangement. A joint operation is a joint arrangement whereby the joint operators have rights to the assets and obligations for the liabilities, relating to the arrangement.

Interests in joint ventures are accounted for using the equity method, after initially being recognised at cost in the consolidated statements of financial position. Under the equity method, the investment in a joint venture is initially recognised at cost, and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the joint venture in statements of income, and the Group's share of movements in other comprehensive income of the joint venture in other comprehensive income. Dividends received or receivable from a joint venture are recognised as a reduction in the carrying amount of the investment. When the Group's share of losses in a joint venture equals or exceeds its interests in the joint venture, including any long-term interests that, in substance, form part of the Group's net investment in the joint venture, the Group does not recognise further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the joint venture.

The Group determines at each reporting date whether there is any objective evidence that the investment in the joint venture is impaired. An impairment loss is recognised for the amount by which the carrying amount of the joint venture exceeds its recoverable amount.

Unrealised gains on transactions between the Group and its joint ventures are eliminated to the extent of the Group's interest in the joint ventures. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of the joint ventures have been changed where necessary to ensure consistency with the policies adopted by the Group.

When the Group ceases to equity account its joint venture because of a loss of joint control, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in statements of income. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate or financial asset. In addition, any amount previously recognised in other comprehensive income in respect of the entity is accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to statements of income.

If the ownership interest in a joint venture is reduced but joint control is retained, only a proportionate share of the amounts previously recognised in other comprehensive income is reclassified to statements of income where appropriate.

Dilution gains or losses arising in investments in associates are recognised in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(c) Investments in Subsidiaries, Joint Ventures and Associates in Separate Financial Statements

In the Bank's separate financial statements, investments in subsidiaries, joint ventures and associates are carried at cost less accumulated impairment loss. The policy for the recognition and measurement of impairment is in accordance with Note 2(j)(ii)(b). On disposal of investments in subsidiaries, joint ventures and associates, the difference between disposal proceeds and the carrying amounts of the investments is recognised in the statements of income.

(d) Intangible Assets

(i) Goodwill

Goodwill arises from a business combination and represents the excess of the aggregate of fair value of consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of any previous equity interest in the acquiree over the fair value of the net identifiable assets acquired and liabilities assumed on the acquisition date. If the fair value of consideration transferred, the amount of non-controlling interest and the fair value of previously held interest in the acquiree are less than the fair value of the net identifiable assets of the acquiree, the resulting gain is recognised in statements of income.

Goodwill is not amortised but it is tested for impairment annually or more frequently if events or changes in circumstances indicate that it might be impaired, and carried at cost less accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is allocated to each of the cash-generating units ("CGUs"), or groups of CGUs, that is expected to benefit from the synergies of the combination. Each unit or group of units to which the goodwill is allocated represents the lowest level within the entity at which the goodwill is monitored for internal management purposes. Goodwill is monitored at operating segments level. The carrying value of goodwill is compared to the recoverable amount, which is the higher of value in use and the fair value less costs of disposal. Any impairment is recognised immediately as an expense and is not subsequently reversed.

(ii) Computer Software

Acquired computer software licences are capitalised on the basis of the costs incurred to acquire and bring the specific software to use. The costs are amortised over their useful lives of five years and are stated at cost less accumulated amortisation and accumulated impairment, if any. Computer software is assessed for impairment whenever there is an indication that it may be impaired. The amortisation period and amortisation method are reviewed at least at the end of each reporting period.

The policy for the recognition and measurement of impairment is in accordance with Note 2(j)(ii)(b).

Costs associated with maintaining computer software programmes are recognised as expenses as incurred. Costs that are directly associated with the production of identifiable and unique software products controlled by the Group, and that will probably generate economic benefits exceeding costs beyond one year, are recognised as intangible assets. These costs include software development employee costs and an appropriate portion of relevant overheads.

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(e) Property, Plant and Equipment and Depreciation

Property, plant and equipment are initially recorded at cost. The cost of an item of property, plant and equipment initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the Management.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are recognised as expenses in the statements of income during the financial year in which they are incurred.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Subsequent to initial recognition, property, plant and equipment except for freehold land are stated at cost less accumulated depreciation and accumulated impairment losses, if any. The policy for the recognition and measurement of impairment is in accordance with Note 2(j)(ii)(b).

Freehold land has an unlimited useful life and therefore is not depreciated. Other property, plant and equipment are depreciated on the straight-line basis to write off the cost of each asset to its residual value over the estimated useful life, summarised as follows:

Buildings	2%
Office equipment, furniture and fixtures	10% - 20%
Motor vehicles	20%
Renovations	20%
Computer equipment	20% - 33.3%

Depreciation on assets under construction commences when the assets are ready for their intended use.

The residual values, useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates with the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. The difference between the net disposal proceeds, if any, and the net carrying amount is recognised in the statements of income.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(f) Financial Assets

(i) Classification

The Group and the Bank classify the financial assets in the following measurement categories:

- Fair value through other comprehensive income ("FVOCI");
- Fair value through profit or loss ("FVTPL"); and
- Amortised cost.

Business model assessment

The Group and the Bank conducts assessment on the objective of a business model to align with how an asset held within a portfolio is being managed. Factors that are being considered include the key objectives of a portfolio, as to whether the business strategy is to earn contractual interest revenue, matching the duration of the financial assets to the duration of the liabilities that are funding those assets or realising a portfolio through sale of assets. Other factors considered also include the frequency and volume of sales in prior periods, how the asset's performance is evaluated and reported to key management personnel.

Assessment whether contractual cash flows are solely payments of principal and interest ("SPPI")

Where the business model is to hold the financial assets to collect contractual cash flows, or to collect contractual cash flows and sell, the Group and the Bank assess whether the financial assets' contractual cash flows represent SPPI.

In applying the SPPI test, the Group and the Bank consider whether the contractual cash flows are consistent with a basic lending arrangement, i.e. interest includes only consideration for time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

For financial assets measured at fair value, gains and losses will either be recorded in statements of income or statements of other comprehensive income ("OCI"). For investment in debt instruments, this will depend on the business model in which the investment is held. For investment in equity instruments, it is determined by the irrevocable election at the time of initial recognition to account for the equity investment at FVTPL by the Group and the Bank.

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(f) Financial Assets (cont'd)

(i) Classification (cont'd)

(i) Financial assets at FVOCI comprise:

Debt securities where the contractual cash flows are solely principal and interest, and the objective of the Group's and the Bank's business model is achieved both by collecting contractual cash flows and selling financial assets.

(ii) The Group and the Bank classify the following financial assets at FVTPL:

- Debt investments that do not qualify for measurement at either amortised cost or fair value through comprehensive income; and
- Equity investments for which the entity has not elected to recognise at fair value through other comprehensive income.

(iii) The Group and the Bank classify their financial assets at amortised cost only if both of the following criteria are met:

- The asset is held within a business model with the objective of collecting the contractual cash flows; and
- The contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding.

The policy of the recognition of impairment is in accordance with Note 2(j)(i).

(ii) Recognition and Initial Measurement

Regular way purchases and sales of financial assets are recognised on settlement date, the date on which the Group and the Bank settle to purchase or sell the asset.

At initial recognition, the Group and the Bank measure a financial asset at its fair value plus, in the case of a financial asset not at FVTPL, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVTPL are expensed in statements of income.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are SPPI.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(f) Financial Assets (cont'd)

(iii) Subsequent Measurement

Debt instruments

There are three measurement categories into which the Group and the Bank classify its debt instruments:

(i) Amortised cost

Assets that are held for collection of contractual cash flows where those cash flows represent SPPI are measured at amortised cost. Interest/profit income from these financial assets is included in gross interest/profit income using the effective interest/profit method. Any gain or loss arising on derecognition is recognised directly in statements of income and presented in other operating income. Impairment losses are presented as a separate line item in the statements of income.

(ii) FVOCI

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent SPPI, are measured at FVOCI. Movements in the carrying amount are taken through other comprehensive income, except for the recognition of impairment gains or losses, interest/profit income and foreign exchange gains and losses which are recognised in statements of income.

When the financial asset is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to statements of income and recognised in other operating income. Interest/profit income from these financial assets is included in gross interest/profit income using the effective interest/profit method. Foreign exchange gains and losses are presented in other operating income and impairment expenses are presented as a separate line item in the statements of income and statements of comprehensive income.

(iii) FVTPL

Assets that do not meet the criteria for amortised cost or FVOCI are measured at FVTPL. The Group and the Bank may also irrevocably designate financial assets at FVTPL if doing so significantly reduces or eliminates a mismatch created by assets and liabilities being measured on different bases. Fair value changes is recognised in statements of income and presented net within other operating income in the period which it arises.

Equity instruments

The Group and the Bank subsequently measure all equity investments at fair value where the Group's and the Bank's management has elected to present fair value gains and losses on equity investments through statements of income. Changes in the fair value of financial assets at FVTPL are recognised in other operating income in the statements of income. Dividends from such investments continue to be recognised in statements of income as other operating income when the Group's and the Bank's right to receive payments is established.

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(f) Financial Assets (cont'd)

(iv) Derecognition

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Group and the Bank have transferred substantially all risks and rewards of ownership.

Receivables that are factored out to banks and other financial institutions with recourse to the Group and the Bank are not derecognised until the recourse period has expired and the risks and rewards of the receivables have been fully transferred. The corresponding cash received from the financial institutions is recorded as amount due to Cagamas Berhad.

When financial investments at FVOCI are sold, the accumulated fair value adjustments recognised in other comprehensive income are reclassified to statements of income.

(g) Derivative Financial Instrument and Hedge Accounting

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured at their fair value at the end of each reporting period.

The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

Derivatives that do not qualify for hedge accounting are classified as held for trading and accounted for at fair value through profit or loss. Changes in the fair value are recognised immediately in statements of income.

Derivatives that qualify for hedge accounting are designated as either:

(a) Hedges of the fair value of recognised assets or liabilities or a firm commitment (fair value hedge);
(b) Hedges of a particular risk associated with a recognised asset or liability or a highly probable forecast transaction (cash flow hedge); or
(c) Hedges of a net investment in a foreign operation (net investment hedge).

The Group and the Bank document at the inception of the hedge relationship, the economic relationship between hedging instruments and hedged items including whether changes in the cash flows of the hedging instruments are expected to offset changes in the cash flows of hedged items. The Group and the Bank document its risk management objective and strategy for undertaking its hedge transactions.

The hedges for the Group and the Bank that meet the strict criteria for hedge accounting are accounted for as described below:

(i) Fair Value Hedge

Changes in the fair value of derivatives that are designated and qualify as fair value hedges are recorded in statements of income, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk.

The Group applies fair value hedge accounting for hedging fixed interest risk on securities. The gain or loss relating to the effective portion of interest rate swaps hedging fixed rate securities is recognised in statements of income. The gain or loss relating to the ineffective portion is recognised in statements of income within the other operating income. Changes in the fair value of the hedge fixed rate securities attributable to interest rate risk are recognised in equity.

If the hedge no longer meets the criteria for hedge accounting, the carrying amount of a hedged item is adjusted using the effective interest method to amortise to statements of income over the period to maturity.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(g) Derivative Financial Instrument and Hedge Accounting (cont'd)

The hedges for the Group and the Bank that meet the strict criteria for hedge accounting are accounted for as described below: (cont'd)

(ii) Cash Flow Hedge

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated in reserves within equity. The gain or loss relating to the ineffective portion is recognised immediately in statements of income.

Amounts accumulated in equity are reclassified to statements of income in the periods when the hedged item affect the statements of income. The gain or loss relating to the effective portion of interest rate swaps hedging variable rate borrowings is recognised in statements of income at the same time as the interest expense on the hedged borrowings.

When the forecast transaction that is hedged results in the recognition of a non-financial asset (for example property, plant and equipment), the gains or losses previously deferred in equity are reclassified from equity and included in the initial measurement of the cost of the asset. The deferred amounts are ultimately recognised in depreciation of property, plant and equipment.

When a hedging instrument expires or is sold or terminated, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss existing in equity at that time remains in equity and is recognised in the periods when the hedged item affect the statements of income. When hedged future cash flows or forecast transaction is no longer expected to occur, the cumulative gain or loss and deferred cost of hedging that were reported in equity are immediately reclassified to statements of income.

Interest Rate Benchmark Reform

The London Interbank Offered Rate ("LIBOR"), a key USD-based benchmark rate used for setting interest rate for derivatives is expecting to cease and to be replaced by the Secured Overnight Financing Rate ("SOFR"). Tenures of Overnight and 12-month settings have permanently ceased on 30 June 2023 and the remaining tenures will continue to be published using a synthetic methodology until September 2024.

The Group and the Bank have fully completed the transition for the LIBOR during the financial year.

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(h) Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount presented in the statements of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy.

(i) Other Assets

Other receivables, deposits, trade receivables, amount due from subsidiaries and related party included in other assets are carried at amortised cost using the effective yield method, less impairment allowance. Bad debts are written off when identified. An estimate is made for doubtful debts based on a review of all outstanding amounts as at the end of the reporting period.

(j) Impairment of Assets

(i) Impairment of Financial Assets

The Group and the Bank assess on a forward-looking basis the expected credit loss ("ECL") associated with its financial assets carried at amortised cost and FVOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

The Group's and the Bank's financial assets that are subjected to the ECL model include financial assets classified at amortised cost, debt instruments measured at FVOCI, loans commitments, financial guarantee contracts and other commitments.

ECL represents a probability-weighted estimate of the difference between present value of cash flows according to contract and present value of cash flows the Group expects to receive, over the remaining life of the financial instrument.

The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(j) Impairment of Assets (cont'd)

(i) Impairment of Financial Assets (cont'd)

(a) General 3-stage approach

At each reporting date, the Group and the Bank measure ECL through loss allowance at an amount equal to 12-month ECL if credit risk on a financial instrument or a group of financial instruments has not increased significantly since initial recognition. For all other financial instruments, a loss allowance at an amount equal to lifetime ECL is required.

Impairment will be measured on each reporting date according to a three-stage ECL impairment model:

(i) Stage 1 - from initial recognition of a financial asset to the date on which the credit risk of the asset has increased significantly relative to its initial recognition, a loss allowance is recognised equal to the credit losses expected to result from defaults occurring over the next 12 months (12-month ECL);

(ii) Stage 2 - following a significant increase in credit risk relative to the initial recognition of the financial assets, a loss allowance is recognised equal to the credit losses expected over the remaining life of the asset (Lifetime ECL); and

(iii) Stage 3 - when a financial asset is considered to be credit-impaired, a loss allowance equal to full lifetime expected credit losses is to be recognised (Lifetime ECL). This includes exposures which have triggered obligatory impairment criterion or are judgmentally impaired.

The detailed measurement of ECL is set out in Note 40.

(b) Simplified approach for other receivables

The Group and the Bank apply the MFRS 9 simplified approach to measure ECL which uses probability default ratio ("PD") and loss given default ("LGD") for the due amount.

The PD methodology is derived based on net flow rate model as a simplified approach in view of its low credit risk and non-maturity profile on due amount. LGD is deemed to be in full at any point in time as accounts comprise short term repayments and forward-looking elements will not be considered.

(c) Write-off

The Group and the Bank write-off financial assets, in whole or in part, when all practical recovery efforts have been exhausted and it is concluded that there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on unavailability of borrower's sources of income or assets to generate sufficient future cash flows to repay the amount. The Group and the Bank may write-off financial assets that are still subject to enforcement activity. Subsequent recoveries of amounts previously written-off will result in bad debts recoveries.

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(j) Impairment of Assets (cont'd)

(ii) Impairment of Non-Financial Assets

(a) Goodwill/Intangible assets

Goodwill and intangible assets that have an indefinite useful life are tested annually for impairment, or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. For the purpose of impairment testing, goodwill from business combinations or intangible assets is allocated to CGUs which are expected to benefit from the synergies of the business combination or the intangible asset.

The recoverable amount is determined for each CGU based on its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment is recognised in the statements of comprehensive income when the carrying amount of the CGU, including the goodwill or intangible asset, exceeds the recoverable amount of the CGU. The total impairment is allocated, first, to reduce the carrying amount of goodwill or intangible assets allocated to the CGU and then to the other assets of the CGU on a pro-rata basis.

An impairment on goodwill is not reversed in subsequent periods. An impairment for other intangible assets is reversed if, and only if, there has been a change in the estimates used to determine the intangible asset's recoverable amount since the last impairment was recognised and such reversal is through the statements of income to the extent that the intangible asset's carrying amount does not exceed the carrying amount that would have been determined, net of amortisation, if no impairment had been recognised.

(b) Other non-financial assets

Other non-financial assets such as property, plant and equipment, computer software, foreclosed properties and investments in subsidiaries and associates are reviewed for objective indications of impairment at the end of each reporting period or whenever there is any indication that these assets may be impaired. Where such indications exist, impairment is determined as the excess of the asset's carrying value over its recoverable amount (greater of value in use or fair value less costs to sell) and is recognised in the statements of income. An impairment for an asset is reversed if, and only if, there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment was recognised.

The carrying amount is increased to its revised recoverable amount, provided that the amount does not exceed the carrying amount that would have been determined (net of amortisation or depreciation) had no impairment been recognised for the asset in prior years. A reversal of impairment for an asset is recognised in the statements of income.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(k) Financial Liabilities

Financial liabilities are initially recognised at the fair value of consideration received less directly attributable transaction costs. Subsequent to initial recognition, financial liabilities are measured at amortised cost.

Certain financial liabilities are designated at initial recognition at fair value through profit or loss when one of the designation criteria is met:

(i) Designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise; or

(ii) Its performance is evaluated on a fair value basis, in accordance with a documented management or investment strategy.

A financial liability which does not meet any of these criteria may still be designated as measured at FVTPL when it contains one or more embedded derivatives that sufficiently modify the cash flows of the liability and are not clearly closely related.

The component of fair value changes relating to the Group's and the Bank's own credit risk is recognised in other comprehensive income. Amounts recorded in other comprehensive income related to credit risk are not subject to recycling in statements of income, but are transferred to retained earnings when realised.

Interest payables are now classified into the respective class of financial liabilities.

(l) Repurchase Agreements

Financial instruments purchased under resale agreements are instruments which the Group and the Bank have purchased with a commitment to resell at future dates. The commitment to resell the instruments is reflected as an asset in the statements of financial position and measured at amortised cost.

Conversely, obligations on financial instruments sold under repurchase agreements are instruments which the Group and the Bank have sold from their portfolio, with a commitment to repurchase at future dates, are measured at amortised cost. Such financing transactions and the obligations to repurchase the instruments are reflected as a liability in the statements of financial position.

(m) Bills and Acceptances Payable

Bills and acceptances payable represent the Group's and the Bank's own bills and acceptances rediscounted and outstanding in the market. Refer to Note 2(k).

(n) Subordinated Obligations and Other Borrowings

The interest-bearing instruments are classified as liabilities in the statements of financial position as there is a contractual obligation by the Group and the Bank to make cash payments of either principal or interest or both to holders of the debt securities, and the Group and the Bank are contractually obliged to settle the financial instrument in cash or another financial instrument.

Subsequent to initial recognition, debt securities issued are recognised at amortised cost, with any difference between proceeds net of transaction costs and the redemption value being recognised in the statements of income over the period of the borrowings on an effective interest/profit method.

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(o) Provisions

Provisions are recognised when the Group and the Bank have a present legal or constructive obligation as a result of past events. It is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made.

Where the Group and the Bank expect a provision to be reimbursed by another party (for example, under an insurance contract), the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as finance cost expense.

(p) Leases

Lease in which the Group and the Bank are a Lessee

Leases are recognised as right-of-use ("ROU") assets and a corresponding liability at the date on which the leased asset is available for use by the Group and the Bank (i.e. the commencement date).

Contracts may contain both lease and non-lease components. The Group and the Bank allocate the consideration in the contract to the lease and non-lease components based on their relative stand-alone prices. However, for leases of properties for which the Group and the Bank are a lessee, it has elected the practical expedient provided in MFRS 16 not to separate lease and non-lease components. Both components are accounted for as a single lease component and payments for both components are included in the measurement of lease liability.

(i) Lease Term

In determining the lease term, the Group and the Bank consider all facts and circumstances that create an economic incentive to exercise an extension option, or not to exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extended (or not to be terminated).

The Group and the Bank reassess the lease term upon the occurrence of a significant event or change in circumstances that is within the control of the Group and the Bank and affects whether the Group and the Bank are reasonably certain to exercise an option not previously included in the determination of the lease term, or not to exercise an option previously included in the determination of the lease term. A revision in lease term results in remeasurement of the lease liabilities.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(p) Leases (cont'd)

Lease in which the Group and the Bank are a Lessee (cont'd)

(ii) ROU Assets

ROU assets are initially measured at cost comprising the following:

- The amount of the initial measurement of lease liability;
- Any lease payments made at or before the commencement date less any lease incentive received;
- Any initial direct costs; and
- Decommissioning or restoration costs.

ROU assets that are not investment properties are subsequently measured at cost, less accumulated depreciation and impairment loss, if any. ROU assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Group and the Bank are reasonably certain to exercise a purchase option, the ROU assets are depreciated on the underlying asset's useful life. In addition, ROU assets are adjusted for certain remeasurement of the lease liabilities.

ROU assets are presented as a separate line item in the statements of financial position.

(iii) Lease Liabilities

Lease liabilities are initially measured at the present value of the lease payments that are not paid at that date. The lease payments include the following:

- Fixed payments (including in-substance fixed payments), less any lease incentive receivable;
- Variable lease payments that are based on an index or a rate, initially measured using the index or rate as at the commencement date;
- Amounts expected to be payable by the Group and the Bank under residual value guarantees;
- The exercise price of a purchase and extension options if the Group and the Bank are reasonably certain to exercise that option; and
- Payments of penalties for terminating the lease, if the lease term reflects the Group and the Bank exercising that option.

Lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Group and the Bank, the lessee's incremental borrowing is used. This is the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the ROU in a similar economic environment with similar term, security and conditions.

Lease payments are allocated between principal and finance cost. The finance cost is charged to statements of income over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

The Group and the Bank present the lease liabilities as a separate line item in the statements of financial position. Interest expense on the lease liability is presented within the net interest income in statements of income.

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(p) Leases (cont'd)

Lease in which the Group and the Bank are a Lessee (cont'd)

(iv) Short-Term Leases and Leases of Low Value Assets

Short-term leases are leases with a lease term of 12 months or less. Low-value assets comprise computer equipment and small items of office equipment. Payments associated with short-term leases of equipment and all leases of low-value assets are recognised on a straight-line basis as an operating expense in statements of income.

Lease in which the Bank is a Lessor

As a lessor, the Bank determines at lease inception whether each lease is a finance lease or an operating lease. To classify each lease, the Bank makes an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset to the lessee. As part of this assessment, the Bank considers certain indicators such as whether the lease is for the major part of the economic life of the asset.

(i) Finance Leases

The Bank classifies a lease as a finance lease if the lease transfers substantially all the risks and rewards incidental to ownership of an underlying asset to the lessee.

The Bank derecognises the underlying asset and recognises a receivable at an amount equal to the net investment in a finance lease. Net investment in a finance lease is measured at an amount equal to the sum of the present value of lease payments from the lessee and the unguaranteed residual value of the underlying asset.

Initial direct costs are also included in the initial measurement of the net investment. The net investment is subject to MFRS 9 impairment. In addition, the Bank reviews regularly the estimated unguaranteed residual value.

Lease income is recognised over the term of the lease using the net investment method so as to reflect a constant periodic rate of return. The Bank revises the lease income allocation if there is a reduction in the estimated unguaranteed residual value.

(ii) Operating Leases

The Bank classifies a lease as an operating lease if the lease does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset to the lessee. The Bank recognises lease payments received under operating lease as lease income on a straight-line basis over the lease term.

(iii) Sublease Classification

When the Bank is an intermediate lessor, it assesses the lease classification of a sublease with reference to the ROU assets arising from the head lease, not with reference to the underlying assets. If a head lease is short-term lease to which the Bank applies the exemption described above, then it classifies the sublease as an operating lease.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(p) Leases (cont'd)

Lease in which the Bank is a Lessor (cont'd)

(iv) Separating Lease and Non-Lease Components

If an arrangement contains lease and non-lease components, the Bank allocates the consideration in the contract to the lease and non-lease components based on the stand-alone selling prices in accordance with the principles in MFRS 15.

(q) Share Capital and Dividends Declared

(i) Classification

Ordinary shares with discretionary dividends are classified as equity.

(ii) Share Issue Costs

Incremental costs directly attributable to the issue of new shares or options are deducted against equity.

(iii) Dividends Declared

Dividends declared on ordinary shares are deducted from equity in the period in which all relevant approvals have been obtained.

(iv) Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owner of the Group and the Bank, excluding any costs of servicing equity other than ordinary shares; and
- by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjusts the figures in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares; and
- the weighted average number of additional ordinary shares that would have been outstanding assuming the conversion of all dilutive potential ordinary shares.

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(r) Revenue Recognition

(i) Recognition of Interest and Financing Income

Interest income and financing income are recognised using effective interest/profit rate, which is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the loans/financing or, where appropriate, a shorter period to the net carrying amount of the loan/financing. When calculating the effective interest/profit rate, the Group and the Bank estimate cash flows considering all contractual terms of the loans/financing but do not consider future credit losses. The calculation includes significant fees paid or received between parties to the contract that are an integral part of the effective interest rate, transaction costs and all other premiums or discounts.

Interest income and financing income are recognised in the statements of income for all interest/profit-bearing assets on an accrual basis. Interest income and financing income include the amortisation of premium or accretion of discount. Income from the Islamic banking business is recognised on an accrual basis in accordance with the Shariah principles.

For impaired loans/financing where the value has been reduced as a result of impairment loss, interest/financing income continues to be accrued using the rate of interest/profit used to discount the future cash flows for the purpose of measuring the impairment.

(ii) Recognition of Fees and Other Income

Fee and commission income of the Group and the Bank is from a wide range of products and services provided to the customers. The income is recognised based on the contractual rates or amount, netted off against fee and commission expense directly attributable to the income. When the performance obligation is fulfilled, where the products and services are delivered to the customer, fee and commission income will be recognised in statements of income.

For transaction-based fee and commission income, it is recognised on the completion of the transaction. Such fees include fees related to the completion of corporate advisory fees, brokerage income, loan arrangement fees and commissions, management and participation fees, underwriting commissions, service charges on credit cards and sale of unit trust funds. These fees constitute a single performance obligation.

For services that are provided over a period of time, fee and commission income is recognised on equal proportion basis over the period during which the related service is provided. This basis of recognition will reflect the nature of these services to the customers over time. Fees for these services can be billed periodically over time. Such fees include commitment, guarantee and portfolio management fees and bancassurance agreements.

Net gain or loss from disposal of financial assets at fair value through profit or loss and financial investments at fair value through other comprehensive income are recognised in statements of income upon disposal of securities, as the difference between net disposal proceeds and carrying amount of the securities.

Dividends are recognised when the right to receive payment is established. This applies even if they are paid out of pre-acquisition profits. However, the investment may need to be tested for impairment as a consequence. Dividend that clearly represents a recovery of part of the cost of an investment is recognised in other comprehensive income if it relates to an investment in equity investment measured at financial investments at fair value through other comprehensive income.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(s) Recognition of Interest and Financing Expenses

Interest expense and attributable profit (on activities relating to Islamic banking business) on deposits and borrowings of the Group and of the Bank are recognised on an accrual basis.

(t) Foreign Currencies

(i) Functional and Presentation Currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements are presented in Ringgit Malaysia, which is the Bank's functional and presentation currency.

(ii) Transactions and Balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are remeasured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in statements of income.

Changes in the fair value of monetary securities denominated in foreign currency classified as debt instruments classified as FVOCI are analysed between translation differences resulting from changes in the amortised cost of the security and other changes in the carrying amount of the security. Translation differences related to changes in amortised cost are recognised in statements of income, and other changes in carrying amount are recognised in other comprehensive income.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. Translation differences on non-monetary financial assets and liabilities such as equities held at fair value through profit or loss are recognised in statements of income as part of the fair value gain or loss. Translation differences on non-monetary financial assets, such as equities classified as FVOCI, are included in other comprehensive income.

(u) Current and Deferred Income Tax

Income tax on the statements of income for the financial year comprises current and deferred tax. Current tax is the expected amount of income taxes payable in respect of the taxable profit for the year and is measured using the tax rates that have been enacted at the end of the reporting date. In the event of uncertain tax position, the tax is measured using the single best estimate of the most likely outcome.

Tax is recognised in the statements of income, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(u) Current and Deferred Income Tax (cont'd)

Deferred tax is provided in full, using the liability method, on temporary differences at the end of the reporting date between the tax bases of assets and liabilities and their carrying amounts in the financial statements. In principle, deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised. Deferred tax is not recognised if the temporary difference arises from goodwill or negative goodwill or from the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit.

Deferred tax is measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted at the end of the reporting period. Deferred tax is recognised as income or an expense in the statements of comprehensive income for the period, except when it arises from a transaction which is recognised directly in other comprehensive income or directly in equity, in which case the deferred tax is also charged or credited to other comprehensive income or to equity, or when it arises from a business combination that is an acquisition, in which case the deferred tax is included in the resulting goodwill.

Deferred and income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when deferred income tax assets and liabilities relate to taxes levied by the same tax authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

(v) Foreclosed Properties

Foreclosed properties are stated at the lower of the carrying amount and fair value less costs to sell.

(w) Cash and Cash Equivalents

Cash and cash equivalents as stated in the statements of cash flows comprise cash and bank balances and short-term deposits maturity within one month that are readily convertible into cash with insignificant risk of changes in value.

(x) Employee Benefits

(i) Short-Term Employee Benefits

Wages, salaries, bonuses and social security contributions are recognised as an expense in the year in which the associated services are rendered by employees of the Group and the Bank. Short-term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences, and short-term non-accumulating compensated absences such as sick leave are recognised when the absences occur.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

2. MATERIAL ACCOUNTING POLICIES (CONT'D)

(x) Employee Benefits (cont'd)

(ii) Defined Contribution Plans

Defined contribution plans are post-employment benefit plans under which the Group and the Bank pay fixed contributions into separate entities or funds and will have no legal or constructive obligations to pay further contributions if any of the funds do not hold sufficient assets to pay all employee benefits relating to employee services in the current and preceding financial years. Such contributions are recognised as an expense in the statements of comprehensive income as incurred. As required by law, companies in Malaysia make contributions to the Employees Provident Fund ("EPF").

(y) Contingent Assets and Contingent Liabilities

The Group and the Bank do not recognise contingent assets and liabilities other than those from business combination, but disclose its existence in the financial statements. A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or the Bank or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in the extremely rare case where there is a liability that cannot be recognised because it cannot be measured reliably. However, contingent liabilities do not include financial guarantee contracts.

A contingent asset is a possible asset that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group and the Bank. The Group and the Bank do not recognise contingent assets but disclose its existence where inflows of economic benefits are probable, but not virtually certain.

(z) Financial Guarantee Contract

Financial guarantee contracts are contracts that require the Group and the Bank to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due, in accordance with the terms of a debt instrument.

Financial guarantee contracts are recognised as a financial liability at the time the guarantee is issued.

The fair value of financial guarantees is determined as the present value of the difference in net cash flows between the contractual payments under the debt instrument and the payments that would be required without the guarantee, or the estimated amount that would be payable to a third party for assuming the obligations.

Financial guarantee contracts are subsequently measured at the higher of the amount determined in accordance with the expected credit loss model under MFRS 9 "Financial Instruments" and the amount initially recognised less cumulative amount of income recognised in accordance with the principles of MFRS 15 "Revenue from Contracts with Customers", where appropriate.

(aa) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker is responsible for allocating resources and assessing the performance of the operating segments. The Management Committee of the Group is identified as the chief operating decision-maker.

8. DERIVATIVE FINANCIAL ASSETS/(LIABILITIES)

Derivative financial instruments are financial instruments whose values change in response to changes in prices or rates (such as foreign exchange rates, interest rates and equity prices) of the underlying instruments. These instruments allow the Group and the Bank and the banking customers to transfer, modify or reduce their foreign exchange and interest rate risk via hedge relationships. The Group and the Bank also transact in these instruments for proprietary trading purposes. The risks associated with the use of derivative financial instruments, as well as the Management's policy for controlling these risks are set out in Note 40.

The table below shows the Group's and the Bank's derivative financial instruments as at the end of the financial year. The contractual or underlying notional amounts of these derivative financial instruments and their corresponding gross positive (derivative financial asset) and gross negative (derivative financial liability) fair values as at the end of the financial year are analysed below.

(a) Fair value hedge

The Group and the Bank use interest rate swaps to hedge its exposure to changes in the fair value of bonds in respect of benchmark interest rate.

The Group's and the Bank's hedge accounting policy requires effective hedge relationships to be established. Hedge effectiveness is determined at the inception of the hedge relationship prospectively, and through periodic retrospective effectiveness assessment to ensure that an economic relationship exists between the hedged item and hedging instrument. The hedge effectiveness is assessed by comparing changes in the fair value of the hedged items attributable to interest rate change with changes in the fair value of the hedging instrument.

The Group and the Bank establish the hedge ratio based on the notional and the tenure of the hedged item and hedging instrument. Hedged ineffectiveness is recognised into income statements when the fair value change in the designated component value of the hedged item exceeds the change in value of the hedging instrument attributable to the hedged risk.

During the financial year, the Group and the Bank has fully de-designated the fair value hedge due to change in risk management objective.

8. DERIVATIVE FINANCIAL ASSETS/(LIABILITIES) (CONT'D)

(a) Fair value hedge (cont'd)

(vii) Movements in credit impaired loans, advances and financing ("impaired loans") in Stage 3:

	GROUP		BANK	
	2024 RM'000	**2023 RM'000**	**2024 RM'000**	**2023 RM'000**
At 1 April	**1,232,773**	853,266	**879,717**	574,757
Impaired during the financial year	**1,369,715**	1,289,124	**894,772**	875,777
Recovered during the financial year	**(147,837)**	(75,156)	**(121,593)**	(53,987)
Reclassified as unimpaired during the financial year	**(844,482)**	(532,102)	**(515,008)**	(345,465)
Financial assets derecognised other than write-off during the financial year	**(134,710)**	(97,179)	**(85,663)**	(70,122)
Amount written-off	**(297,432)**	(205,180)	**(189,655)**	(101,243)
At 31 March	**1,178,027**	1,232,773	**862,570**	879,717
Gross impaired loans ratio	**2.11%**	2.51%	**2.06%**	2.41%
Net impaired loans ratio	**1.16%**	1.36%	**1.07%**	1.22%

The Group and the Bank may write-off financial assets when relevant recovery actions have been exhausted or further recovery is not economically feasible or justifiable. The outstanding contractual amounts of such assets written off during the year amounted to RM297,432,000 and RM189,655,000 (2023: RM205,180,000 and RM101,243,000) for the Group and the Bank respectively. The Group and the Bank still seek to recover amounts that are legally owed in full, but which have been partially or fully written off and are still subject to enforcement activity.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

9. LOANS, ADVANCES AND FINANCING (CONT'D)

(xi) Movements in the allowance for expected credit losses on loans, advances and financing are as follows: (cont'd)

Impact of movements in gross carrying amount on expected credit losses

GROUP
2024

Stage 1 ECL for the Group increased by RM51.5 million as a result of newly originated loans, advances and financing, and the migration to Stage 1 from Stage 2 or Stage 3 due to the improvement in credit quality, partially offset by repayment of loans, advances and financing.

Stage 2 ECL decreased by RM97.4 million as a result of loans, advances and financing repayment, combined with accounts migrated to Stage 3 due to deterioration in credit quality, and migrated to Stage 1 as a result of improved credit quality. The decrease was relatively offset by newly originated loans, advances and financing, and accounts migrated from Stage 1 and Stage 3 into Stage 2 due to changes in credit risk, mainly observed on certain segments such as personal loans/financing and mortgages.

Stage 3 ECL for the Group decreased by RM36.8 million as a result of accounts written off mainly from personal loans/financing segment, offset by loans, advances and financing migrated to Stage 3 from Stage 1 and Stage 2 due to deterioration in credit quality.

Total ECL movements in 2024 is also affected by the changes in forward-looking economic inputs and the reversal of the pre-emptive overlay provisions from the estimated impacts of the COVID-19 pandemic. The overlays have been applied to determine a sufficient overall level of ECL. These overlays were taken to reflect the potential impact to delinquencies and defaults arising from escalation of credit risk.

2023

Stage 1 ECL for the Group decreased by RM98.8 million as a result of loans, advances and financing that were fully repaid, having movement in the existing account balances during the financial year, accounts closed or migrated to Stage 2 or Stage 3 due to deterioration in credit quality. The decrease was partly offset by newly originated loans, advances and financing, and the migration to Stage 1 from Stage 2 or Stage 3 due to the improvement in credit quality.

Stage 2 ECL decreased by RM33.8 million, as a result of loans, advances and financing repayment, accounts migrated to Stage 3 due to deterioration in credit quality, and migrated to Stage 1 as a result of improved credit quality. The decrease was partly offset by accounts migrated from Stage 1 into Stage 2, which were mainly due to the increase in credit risk observed on certain segments such as personal loans/financing and mortgages.

Stage 3 ECL for the Group increased by RM240.3 million, as a result of loans, advances and financing migrated to Stage 3 from Stage 1 and Stage 2 due to deterioration in credit quality. The increase was partly offset by the accounts written off mainly from personal loans/financing segment, and migration of Stage 3 to Stage 1 or Stage 2 due to improvement in credit quality or account fully repaid.

Total ECL movements in 2023 is also affected by the changes in forward-looking economic inputs and the reversal of the pre-emptive overlay provisions from the estimated impacts of the COVID-19 pandemic. The overlays have been applied to determine a sufficient overall level of ECL. These overlays were taken to reflect the potential impact to delinquencies and defaults arising from escalation of credit risk.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

17. INTANGIBLE ASSETS (CONT'D)

(a) Impairment test on goodwill

Goodwill is reviewed annually for impairment, or more frequently when there are indications that impairment may have occurred. Goodwill has been allocated to the Group's cash-generating units ("CGUs") that are expected to benefit from the synergies of the acquisitions, identified according to the business segments as follows:

	GROUP		BANK	
	2024 RM'000	2023 RM'000	2024 RM'000	2023 RM'000
Consumer banking	**101,565**	101,565	**101,565**	67,513
Business banking	**100,822**	100,822	**100,822**	81,448
Financial markets	**83,261**	83,261	**83,261**	36,960
	285,648	285,648	**285,648**	185,921

For annual impairment testing purposes, the recoverable amounts of the CGUs, which are reportable business segments, are determined based on their value-in-use. The value-in-use calculation uses pre-tax cash flow projections based on financial budget and business plans approved by the Board of Directors. The key assumptions for the computation of value-in-use include the discount rates, cash flow projection and growth rates applied are as follows:

(i) Discount rate

The discount rates used are pre-tax and reflect specific risks relating to the CGUs. The discount rates used in determining the recoverable amount are as follows:

	GROUP	
	2024 %	2023 %
Consumer banking	**8.60**	8.07
Business banking	**8.61**	8.05
Financial markets	**8.62**	7.22

(ii) Cash flow projections and growth rate

Cash flow projections are based on four-year financial budget and business plans approved by the Board of Directors. The cash flow projections are derived based on multiple probability weighted scenarios considering a number of key factors including past performance and the Management's expectation of market developments.

Cash flows beyond the fourth year are extrapolated in perpetuity using terminal growth rate at 4.2% (2023: 4.1%), representing the forecasted Gross Domestic Product ("GDP") growth rate of the country for the CGUs.

17. INTANGIBLE ASSETS (CONT'D)

(b) Sensitivity to changes in assumptions

The Management is of the view that any reasonable possible changes in the key assumptions would not cause the carrying amount of the goodwill to exceed the recoverable amount of the CGUs.

Sensitivity analysis was performed by stressing the terminal growth rates ranging at -4.6% to -12.1% or the discount rates ranging between 17.0% and 22.1% which resulted in a break-even point between the carrying amount and recoverable amount for the CGUs.

18. DEPOSITS FROM CUSTOMERS

	GROUP		BANK

Licensed merchant banks	**60,143**	-	**60,143**	787
Bank Negara Malaysia	**1,715,725**	1,316,118	**1,526,662**	1,132,249
	2,055,057	1,719,284	**1,865,994**	1,536,202

Note:

Included in deposit and placement by BNM is the government financing scheme received by the Group and the Bank as part of the government support measures in response to the COVID-19 pandemic for the purpose of SME lending at a below market rate.

20. FINANCIAL LIABILITIES DESIGNATED AT FAIR VALUE THROUGH PROFIT OR LOSS

Structured investments designated at fair value for the Group and the Bank include investments with embedded equity linked options, interest rate index linked options and foreign currency options.

The Group and the Bank designated certain structured investments at fair value through profit or loss. The structured investments are recorded at fair value.

The fair value changes of the structured investments that are attributable to the changes in own credit risk are not significant.

	GROUP/BANK	
	2024 RM'000	2023 RM'000
Structured investments	**2,011,228**	1,904,295
Fair value changes arising from designation at fair value through profit or loss	**(83,117)**	(119,138)
	1,928,111	1,785,157

The carrying amount of financial liabilities designated at fair value of the Group and the Bank as at 31 March 2024 was lower than the contractual amount at maturity for the structured investments by RM83,117,000 (2023: RM119,138,000).

21. RECOURSE OBLIGATIONS ON LOANS AND FINANCING SOLD TO CAGAMAS

This relates to proceeds received from housing loans/financing and hire purchase loans/financing sold directly to Cagamas Berhad with recourse to the Group and the Bank. Under the agreement, the Group and the Bank undertake to administer the loans/financing on behalf of Cagamas Berhad and to buy back any loans/financing which are regarded as defective based on pre-determined and agreed upon prudential criteria set by Cagamas Berhad.

22. LEASE LIABILITIES

	GROUP		BANK	
	2024 RM'000	2023 RM'000	2024 RM'000	2023 RM'000
At 1 April	**113,251**	125,475	**113,251**	125,249
Additions	**15,335**	5,210	**15,335**	5,210

Interest expense	**5,520**	5,534	**5,520**	5,539
Lease payment	**(33,595)**	(30,568)	**(33,595)**	(30,549)
Remeasurement	**26,171**	8,983	**26,171**	8,983
At 31 March	**124,712**	113,251	**124,712**	113,251

Note:

Short-term leases expenses and low value leases expenses that are not included in lease liabilities for the Group and the Bank are as follows:

	GROUP		BANK	
	2024 RM'000	2023 RM'000	2024 RM'000	2023 RM'000
Short-term leases expenses (included in establishment expense)	**–**	384	**–**	384
Income from subleasing ROU assets	**86**	86	**1,025**	1,411

The Group and the Bank lease premises, office equipment and furniture, computer equipment and motor vehicles. Rental contracts are typically made for the periods ranging from three to five years but may have extension options.

Extension and termination options are included in a number of leases across the Group and the Bank. The Group and the Bank manage the leases and, accordingly, lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions.

Extension and termination options are included, when possible, to provide a greater flexibility after the end of the agreement. The individual terms and conditions used vary across the Group and the Bank. The majority of extension and termination options held are exercisable only by the Group and the Bank and not by the respective lessors.

In cases in which the Group and the Bank are not reasonably certain to exercise an optional extended lease term, payments associated with the optional period are not included within lease liabilities.

Potential future cash outflows of RM Nil (2023: RM19,595,000) has not been included in the lease liabilities because it is not reasonably certain that the leases will be extended or not terminated.

35. EARNINGS PER SHARE

(a) Basic

Basic earnings per share is calculated by dividing profit for the year attributable to equity holders of the Bank by the weighted average number of ordinary shares in issue during the financial year.

	GROUP		BANK	
	2024	**2023**	**2024**	**2023**
Profit for the year attributable to equity holders of the Bank (RM'000)	**690,475**	677,846	**598,943**	587,693
Weighted average numbers of ordinary shares in issue ('000)	**1,548,106**	1,548,106	**1,548,106**	1,548,106
Basic earnings per share (sen)	**44.6**	43.8	**38.7**	38.0

(b) Diluted

For the purpose of calculating diluted earnings per share, the profit for the year attributable to equity holders of the Bank and the weighted average number of ordinary shares in issue during the financial year have been adjusted for the dilutive effects of all potential ordinary shares (non-cumulative).

There were no dilutive potential ordinary shares outstanding as at 31 March 2024 and 31 March 2023 respectively. As a result, the dilutive earnings per share was equal to basic earnings per share for the financial year ended 31 March 2024 and 31 March 2023.

36. DIVIDENDS

	Dividend recognised during the financial year			
	GROUP		BANK	
	2024 RM'000	2023 RM'000	2024 RM'000	2023 RM'000
First interim dividend				
12.00 sen per share, on 1,548,105,929 ordinary shares, declared in financial year ended 31 March 2023, was paid on 28 December 2022 to the shareholders.	–	185,773	–	185,773
10.85 sen per share, on 1,548,105,929 ordinary shares, declared in financial year ended 31 March 2024, was paid on 28 December 2023 to the shareholders.	**167,970**	-	**167,970**	-
Second interim dividend				
10.20 sen per share, on 1,548,105,929 ordinary shares, declared in financial year ended 31 March 2022, was paid on 30 June 2022 to the shareholders.	–	157,907	–	157,907
10.00 sen per share, on 1,548,105,929 ordinary shares, declared in financial year ended 31 March 2023, was paid on 28 June 2023 to the shareholders.	**154,811**	-	**154,811**	-
	322,781	343,680	**322,781**	343,680

Subsequent to the financial year end, the Directors declared a single tier second interim dividend of 11.45 sen per share, on 1,548,105,929 ordinary shares amounting to approximately RM177,258,000 in respect of the current financial year. The accompanying financial statements do not reflect this dividend. The dividend will be accounted for in shareholders' equity as an appropriation of retained profits in the financial year ending 31 March 2025.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

37. SIGNIFICANT RELATED PARTY TRANSACTIONS AND BALANCES

In addition to related party disclosures mentioned elsewhere in the financial statements, set out below are the Group's and the Bank's other significant related party transactions and balances:

The disclosure on Credit Transactions and Exposures with Connected Parties above is presented in accordance with paragraph 9.1 of BNM's Guidelines on Credit Transactions and Exposures with Connected Parties, which became effective on 1 January 2008.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

38. CREDIT TRANSACTIONS AND EXPOSURES WITH CONNECTED PARTIES (CONT'D)

Based on these guidelines, a connected party refers to the following:

(i) Directors of the Bank and their close relatives;

(ii) Controlling shareholder and his or her close relatives;

(iii) Executive officer, being a member of management having authority and responsibility for planning, directing and/or controlling the activities of the Bank, and his or her close relatives;

(iv) Officers who are responsible for or have the authority to appraise and/or approve credit transactions or review the status of existing credit transactions, either as a member of a committee or individually, and their close relatives;

(v) Firms, partnerships, companies or any legal entities which control, or are controlled by any person listed in (i) to (iv) above, or in which they have an interest, as a director, partner, executive officer, agent or guarantor, and their subsidiaries or entities controlled by them;

(vi) Any person for whom the persons listed in (i) to (iv) above is a guarantor; and

(vii) Subsidiary of or an entity controlled by the Bank and its connected parties.

Credit transactions and exposures to connected parties as disclosed above includes the extension of credit facilities and/or off-balance sheet credit exposures such as guarantees, trade-related facilities and loan commitments. It also includes holdings of equities and private debt securities issued by the connected parties.

39. CEOs AND DIRECTORS' REMUNERATION

Remuneration in aggregate for CEOs/Directors charged to the statements of income for the year are as follows:

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

40. FINANCIAL RISK MANAGEMENT POLICIES

The Group engages in business activities which entail risk taking and the major types of risk involved includes credit risk, sustainability risk, liquidity risk, market risk, operational risk, technology risk and Shariah non-compliance risk.

The Group's risk management is governed by the various risk management frameworks which cover governance, appetite, strategy, policies and processes to manage risks. The objective of risk management is to ensure that the Group conducts business in a responsible manner and to achieve sustainable growth for the Group's balance sheet and capital.

The Group manages risk within clearly defined frameworks and policies that are approved by the Board of Directors. In addition, the Board of Directors of the Group provides independent oversight to ensure that risks are adequately managed through a framework of established controls and reporting processes.

The guidelines and policies adopted by the Group to manage the main risks that arise in the conduct of its business activities are as follows:

(a) Credit Risk

Credit risk is the risk of financial loss resulting from the failure of the Group's borrowers or counterparties to fulfil their contractual obligations to repay their loans or settle commitments.

This arises from loans/financing, advances, investment in securities, amongst others. The amount of credit exposure is represented by the carrying amount of loans/financing, advances and investment securities in the statements of financial position. The lending/financing activities in the Group are guided by the Group's Credit Risk Management Framework, which is aligned with regulatory guidelines and best practices.

Also, credit risk arises from financial transactions with counterparties (including interbank money market activities, derivative instruments used for hedging and debt instruments), of which the amount of credit exposure in respect of these instruments is equal to the carrying amount of these assets in the statements of financial position. This exposure is monitored on an ongoing basis against predetermined counterparty limits.

The credit exposure arising from off-balance sheet activities, i.e. commitments and contingencies is set out in Note 42 to the financial statements.

(i) Maximum exposure to credit risk

The following table presents the Group's and the Bank's maximum exposure to credit risk of on-balance sheet and off-balance sheet financial instruments, before taking into account any collateral held or other credit enhancements and after allowance for expected credit losses, where appropriate.

For on-balance sheet financial assets, the maximum exposure to credit risk equals their carrying amount. For financial guarantees and similar contracts granted, the maximum exposure to credit risk is the maximum amount that would have to be paid if the guarantees were to be called upon. For credit-related commitments and contingencies that are irrevocable over the life of the respective facilities, the maximum exposure to credit risk is the full amount of the credit facilities granted to customers.

Percentage of collateral held for loans, advances and financing	**73.5%**	73.7%	**75.2%**	75.1%

(iv) Credit risk measurement

The Group and the Bank adopt the following judgements and assumptions on measurement of ECL:

(a) Definition of significant increase in credit risk

The Group and the Bank consider the probability of default upon initial recognition of financial asset and whether there has been a significant increase in credit risk on an ongoing basis. To assess whether there is a significant increase in credit risk, the Group and the Bank compare the risk of a default occurring on the financial asset as at the reporting date with the risk of default as at the date of initial recognition. The Group and the Bank consider reasonable and supportable forward-looking information that is available.

The following events are taken into consideration during the assessment:

- Contractual payment is in arrears for 30 days or more;
- Significant downgrade of credit rating or internal rating;
- Modified exposure placed under Agensi Kaunseling dan Pengurusan Kredit ("AKPK") status;
- Exposure being monitored under watchlist; or
- Restructured and rescheduled exposure with increase in credit risk.

40. FINANCIAL RISK MANAGEMENT POLICIES (CONT'D)

(a) Credit Risk (cont'd)

(iv) Credit risk measurement (cont'd)

(b) Definition of credit impaired financial assets

An exposure is classified as credit impaired when one or more events that have a detrimental impact to the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit impaired includes observable data about the following events:

<u>Quantitative criteria:</u>

A financial asset is classified as credit impaired when the counterparty fails to make a contractual payment more than 90 days when they fall due.

<u>Qualitative criteria:</u>

- Significant financial difficulty of the issuer or the borrower;
- Breach of contract, such as a default of past due event;
- Concessions have been made by the lender relating to the borrower's financial difficulty;
- Indications that the borrower will enter into bankruptcy/winding up or other financial restructuring;
- Disappearance of an active market for that financial asset; or
- Purchase or origination of a financial asset at a deep discount that reflects the incurred credit losses.

(c) Measurement of ECL

ECL is measured by three components, i.e. exposure at default, probability of default and loss given default.

Exposure at default ("EAD")

EAD for non-retail portfolio is calculated based upon the contractual amortisation amount up to the point prior to the default event. Repayments are then assumed to cease, with only interest accrued on the outstanding balance from this point. Since the non-retail portfolio contains a variety of products with different interest accrual methods, amortisation types and repayment methods, the approaches employed to calculate EAD vary accordingly.

EAD for retail portfolio is calculated based upon either:

(i) Simple equation based calculation approach - where the outstanding balance follows a predictable trend across the amount and tenure;

(ii) Utilisation curve model - these curves provide a view of percent drawn down at the point of default, expressed as a percentage of the customer credit limit at observation; or

(iii) Mechanical equation based approach - which is utilised to forecast monthly default balances as per an amortisation profile and adjusted for different paths to default using an adjustment factor.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

40. FINANCIAL RISK MANAGEMENT POLICIES (CONT'D)

(a) Credit Risk (cont'd)

(iv) Credit risk measurement (cont'd)

(c) Measurement of ECL (cont'd)

Probability at default ("PD")

A PD is assigned to each risk measure and represents a percentage of the likelihood of default.

For non-retail portfolio, the PD is measured from the internal or external rating of the borrower or issuer to determine the level of default risk.

For retail portfolio, a signature curve approach forecasted the lifetime PD and PD at any given time within the lifetime horizon. This is based upon historic default data using a chain ladder methodology to construct a lifetime default emergence curve.

Loss given default ("LGD")

This is on a time series of probability weighted loss rate relative to the monthly exposure at default where the probabilities and loss rates are estimated by key risk driver segments such as exposure migration status (e.g. loss given cure and loss given charge off), collateral type, and defaulted exposure relative to original exposure amount and months in default.

(d) Forward-looking information

Three economic scenarios using different probability weightage are applied to the ECL:

- Base Case - based upon current economic outlook or forecast;
- Positive Case - based upon a projected optimistic or positive economic outlook or forecast; and
- Negative Case - based upon a projected pessimistic or negative economic outlook or forecast.

The negative case has been assigned with a higher weightage for the ECL as compared to the positive case.

Projection of economic scenario and the probability of each scenario happening in future shall be carried out and shall contain all macroeconomic variables ("MEV") which are applied in the ECL models as they are found to have significant correlation to increase of credit risk via the modelling exercise.

For forward-looking estimates, analysis was carried out to determine how the estimates were affected by macroeconomic trends. Factors such as unemployment rate, consumer price index, house price index, consumption credit, producer price index and GDP growth rate were analysed to identify the level of correlation with the observed trends. Given the statistically strong correlation, the estimates were adjusted to reflect the macroeconomic trends.

40. FINANCIAL RISK MANAGEMENT POLICIES (CONT'D)

(a) Credit Risk (cont'd)

(iv) Credit risk measurement (cont'd)

(d) Forward-looking information (cont'd)

The forward-looking estimates were adjusted as below:

	Weighted Average Forecast		
MEV	**2026**	**2025**	**2024**
(% Year on Year)	**%**	**%**	**%**
GDP Growth Rate	4.4	4.3	4.3
Producer Price Index	1.8	2.3	2.4
Consumer Price Index	2.3	2.3	2.8
Unemployment Rate	3.4	3.3	3.3
Credit Consumption	2.6	3.6	8.6
House Price Index	2.6	2.5	1.7
Debt to GDP	130.4	130.6	131.4

(e) Grouping of exposure for ECL measured on collective basis

For expected credit loss provisions modelled on a collective basis, a grouping of exposures is performed on the basis of shared risk characteristics, such that risk exposures within a group are homogeneous.

The appropriateness of groupings is monitored and reviewed on a periodic basis.

(f) Modification of financial assets

The Group and the Bank sometimes renegotiate or otherwise modify the contractual cash flows of loans/financing to customers. When this happens, the Group and the Bank assess whether or not the new terms are substantially different to the original terms.

When the modification is not substantial and so does not result in derecognition of the original loans, the Group and the Bank recalculate the gross carrying amount based on the revised cash flow of the financial asset and recognise a modification gain or loss in the statements of income. The new gross carrying amount is recalculated by discounting the modified cash flow at the original effective interest/profit rate. The Group and the Bank monitor the subsequent performance of modified assets. The risk of default of such loans after modification is assessed and compared with the risk under the original terms at initial recognition.

The Group and the Bank may determine that the credit risk has significantly improved after restructuring, so that the assets are moved from Stage 3 or Stage 2 (Lifetime ECL) to Stage 1 (12-month ECL). This is only the case for assets which have performed in accordance with the new terms for six consecutive months or more.

If the terms are substantially different from the original terms, the Group and the Bank derecognise the original financial asset, recognise a new asset and recalculate a new effective interest/profit rate for the asset. The date of renegotiation is consequently considered to be the date of initial recognition for impairment calculation purposes, including the purpose of determining whether a significant increase in credit risk has occurred. However, the Group and the Bank also assess whether the new financial asset recognised is deemed to be credit-impaired at initial recognition, especially in circumstances where the renegotiation was driven by the debtor being unable to make the originally agreed payments. Differences in the carrying amount are recognised in statements of income as gain or loss on derecognition.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

40. FINANCIAL RISK MANAGEMENT POLICIES (CONT'D)

(a) Credit Risk (cont'd)

(v) Credit quality

The Group and the Bank assess the credit quality for loans, advances and financing and credit related commitment and contingencies according to the categories below.

	Credit grading		
Credit quality	**Scorecard**	**Customer rating**	**Definition**
Low	Low risk score	1 - 12 (AAA to BB)	Borrower with good capacity to meet financial commitments.
Medium	Medium risk score	13 - 16 (BB- to B-)	Borrower which is in a fairly acceptable capacity to meet financial commitments.
High	High risk score	17 - 19 (CCC+ to CCC-)	Borrower which is in an uncertain capacity to meet financial commitments but has not been impaired.
Unrated	Unrated	Unrated	Borrower which is unrated.
Credit Impaired	Credit Impaired	Credit Impaired	Defaulted, or judgmentally impaired due to lack of capacity to fulfil financial commitments.

Other financial assets are categorised in the following manner:

Credit quality	Credit rating	Definition
Investment graded	AAA to BBB-	Issuer with low risk of defaulting principal or interest payment.
Non-investment graded	Lower than BBB-	Issuer with medium or high risk of defaulting principal or interest payment.
Sovereign/ Government-backed	-	Issued or guaranteed by Malaysian government.
Unrated	Unrated	Issuer where rating is unavailable.
Credit impaired	Credit impaired	Defaulted.

Other assets are classified based on days-past-due ("DPD") under the simplified model approach.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

40. FINANCIAL RISK MANAGEMENT POLICIES (CONT'D)

(a) Credit Risk (cont'd)

(v) Credit quality (cont'd)

The following table shows an analysis of the credit quality by stages and the allowance for expected credit losses of the financial assets: (cont'd)

Simplified Approach	Current RM'000	More than 90 days past due RM'000	Total RM'000
Other assets (exclude prepayment)			
Gross carrying amount	653,625	38,725	692,350
Expected credit losses	-	(38,725)	(38,725)
Net carrying amount	653,625	-	653,625

(vi) Sensitivity test

The Group and the Bank have performed expected credit losses sensitivity assessment on financial assets based on the changes in key variables as below while all other variables remain unchanged. The sensitivity factors used are assumptions based on parallel shifts in the key variables to project the impact on the expected credit losses of the Group and the Bank.

The table below outlines the effect of the changes in major key variables used on expected credit losses while other variables remain constant:

2024 Measurement variables	MEV Change (%)/ Percentage Point Change (p.p)	GROUP + RM'000	GROUP – RM'000	BANK + RM'000	BANK – RM'000
House price index	**9.8%**	**(36,671)**	**47,131**	**(20,851)**	**26,981**
Consumption credit	**3.7 p.p**	**5,017**	**(5,210)**	**3,862**	**(3,996)**
Unemployment rate	**0.6 p.p**	**69,594**	**(78,359)**	**35,308**	**(38,810)**
Debt to GDP	**6.2%**	**56,545**	**(69,370)**	**40,133**	**(49,368)**
Producer price index	**4.1%**	**27,370**	**(29,264)**	**20,272**	**(21,476)**

2023 Measurement variables	MEV Change (%)/ Percentage Point Change (p.p)	GROUP + RM'000	GROUP – RM'000	BANK + RM'000	BANK – RM'000
House price index	9.6%	(32,080)	42,953	(18,729)	25,867
Consumption credit	3.7 p.p	18,616	(18,281)	13,307	(12,593)
Unemployment rate	0.6 p.p	13,490	(11,491)	8,798	(7,112)
GDP growth	6.4%	(4,117)	3,313	(2,323)	1,850
Producer price index	3.8%	3,381	(2,776)	2,917	(2,395)
Industrial production index	5.7%	(6,229)	5,933	(4,598)	4,417

40. FINANCIAL RISK MANAGEMENT POLICIES (CONT'D)

(a) Credit Risk (cont'd)

(vii) Overlays and adjustments for ECL

The Group and the Bank continued to apply overlays and post-model adjustments to address economic uncertainties and external risks including, but not limited to, international trade trends, the prevailing effects of high policy rates and inflation, as well as the potential consequences of global geopolitical tensions for the adequacy of the overall level of ECL for the year ended 31 March 2024.

These overlays and post-model adjustments were taken to reflect the latest macroeconomic outlook not captured in the modelled outcome and the potential impact to delinquencies and defaults arising from potential risks.

The overlays and post-model adjustments involved significant level of judgement and reflect the Management's views of possible severities of the post pandemic impacts and paths of recovery in the forward-looking assessment for ECL estimation purposes.

As at 31 March 2024, the balances of these overlays and post-model adjustments amounted to RM121,431,000 and RM71,170,000 for the Group and the Bank respectively (2023: RM256,632,000 and RM147,182,000).

(b) Market Risk

Market risk is the risk of loss of earnings arising from changes in interest rates, foreign exchange rates, equity prices, and their implied volatilities.

The Group has established a framework of risk policies, measurement methodologies and risk limits as approved by the Group Risk Management Committee ("GRMC") to manage market risk. Market risk arising from the trading activities is controlled via position limits, loss limits, sensitivity limits and valuation via daily mark-to-market, where available.

The Group is also susceptible to exposure to market risk arising from changes in prices of the shares quoted on Bursa Malaysia, which will impact the Group's amount due from clients and brokers. The risk is controlled by application of credit approvals, limits and monitoring procedures.

Market Risk Factors

(i) Interest/profit rate risk

As a subset of market risk, interest/profit rate risk refers to the volatility in net interest/profit income as a result of changes in interest/profit rate of return and shifts in the composition of the assets and liabilities. Interest/profit rate of return risk is managed through interest/profit rate sensitivity analysis. The sensitivity in net interest/profit income from interest/profit rate movement is monitored and reported to the Management. In addition to pre-scheduled meetings, the Group Assets and Liabilities Management Committee ("GALCO") will also deliberate on revising the Group's and the Bank's lending/financing and deposit rates in response to changes in the benchmark rates set by the central bank.

The effects of changes in the levels of interest/profit rates of return on the market value of securities are monitored closely and mark-to-market valuations are regularly reported to the Management.

The Group and the Bank are exposed to various risks associated with the effects of fluctuations in the prevailing levels of interest/profit rates on its financial position and cash flows. The effects of changes in the levels of interest/profit rates of return on the market value of securities are monitored regularly and the outcomes of mark-to-market valuations are escalated to the Management regularly. The following table summarises the effective interest/profit rates at the end of the reporting period and the periods in which the financial instruments will re-price or mature, whichever is the earlier.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

40. FINANCIAL RISK MANAGEMENT POLICIES (CONT'D)

(b) Market Risk (cont'd)

Market Risk Factors (cont'd)

(ii) Foreign exchange risk

Foreign exchange risk refers to the risk that fair value or future cash flows of financial instruments will fluctuate because of the movements in the exchange rates for foreign exchange positions taken by the Group and the Bank from time to time.

Foreign currency exchange risk is managed via approved risk limits and open positions are regularly revalued against current exchange rates and reported to the Management and the Board.

The following table summarises the assets, liabilities and net open position by currency as at the end of the financial reporting date, which are mainly in US Dollars, Pound Sterling, Euro Dollars, Australian Dollars and Singapore Dollars. Other foreign exchange exposures include exposure to Japanese Yen, Chinese Yuan and New Zealand Dollars. The exposure was calculated only for monetary balances denominated in currencies other than the functional currency of the Group and the Bank.

(b) Market Risk (cont'd)

Market Risk Measures

(iii) Value at risk ("VaR")

VaR reflects the maximum potential loss of value of a portfolio resulting from market movements within a specified probability of occurrence (level of confidence) for a specific period of time (holding period). For the Group and the Bank, VaR is computed based on the historical simulation approach with parameters in accordance with BNM and Basel requirements. Backtesting is performed daily to validate and reassess the accuracy of the VaR model. This involves the comparison of the daily VaR values against the hypothetical profit and loss over the corresponding period.

The table below sets out a summary of the Group's and the Bank's VaR profile by financial instrument types for the Trading Portfolio:

GROUP 2024	Balance RM'000	Average for the year RM'000	Minimum RM'000	Maximum RM'000
Foreign exchange ("FX") related derivatives	**(174)**	**(1,061)**	**(174)**	**(2,108)**
Government securities	**(13,906)**	**(21,496)**	**(13,161)**	**(32,444)**
Private debt securities	**(4,080)**	**(6,491)**	**(4,080)**	**(8,780)**
2023				
FX related derivatives	(391)	(637)	(180)	(1,710)
Government securities	(32,260)	(33,777)	(32,177)	(35,927)
Private debt securities	(7,884)	(7,109)	(6,592)	(7,884)
BANK				
2024

(b) Market Risk (cont'd)

Market Risk Measures (cont'd)

(iv) Interest/profit rate risk sensitivity

The following tables present the Group's and the Bank's sensitivity result for the impact on net profit after tax and reserves of financial assets and financial liabilities bearing fixed and floating interest/profit rates.

Impact on the net profit after tax is measured using Earning-at-Risk ("EAR") methodology. The treatments are based on a set of sensitivity rate shocks on the interest rate gap profile from the financial position of the Group and the Bank by taking into consideration the repricing or remaining maturity of the product.

Impact on equity represents the changes in fair value of financial investment at fair value through other comprehensive income portfolio arising from shifts in interest/profit rate.

	2024 GROUP		2024 BANK	
	– 200 bps	+ 200 bps	– 200 bps	+ 200 bps
	Increase/(Decrease)		Increase/(Decrease)	
	RM'000	RM'000	RM'000	RM'000
Impact on net profit after tax	**(188,288)**	**188,288**	**(148,658)**	**148,658**
Impact on equity	**772,899**	**(690,555)**	**668,417**	**(575,638)**

	2023 GROUP		2023 BANK	
	– 200 bps	+ 200 bps	– 200 bps	+ 200 bps
	Increase/(Decrease)		Increase/(Decrease)	
	RM'000	RM'000	RM'000	RM'000
Impact on net profit after tax	(217,376)	217,376	(173,681)	173,681
Impact on equity	497,035	(421,648)	356,429	(283,930)

(v) Other risk measures

(i) Stress test

Stress testing is normally used by banks to gauge their potential vulnerability to exceptional but plausible events. The Group performs stress testing regularly to measure and alert the Board and the Management on the effects of potential political, economic or other disruptive events on our exposures. The Group's stress testing process is governed by the Stress Testing Policy as approved by the Board. Stress testing is conducted on a bank-wide basis as well as on specific portfolios. The Group's bank-wide stress testing exercise uses a variety of broad macroeconomic indicators that are then translated into stress impacts on the various business units. The results are then consolidated to provide an overall impact on the Group's financial results and capital requirements. Stress testing results are reported to the Board and the Management to provide them with an assessment of the financial impact that such events would have on the Group's profitability and capital levels.

(b) Market Risk (cont'd)

Market Risk Measures (cont'd)

(v) Other risk measures (cont'd)

(ii) Sensitivity analysis

Sensitivity analysis is used to measure the impact of changes in individual stress factors such as interest/profit rates or foreign exchange rates. It is normally designed to isolate and quantify exposure to the underlying risk. The Group and the Bank perform sensitivity analysis such as parallel shifts of interest/profit rates on its exposures, primarily on the banking and trading book positions.

(c) Liquidity Risk

Liquidity risk is the inability of the Group and the Bank to meet financial commitments when due.

The Group's and the Bank's liquidity risk profile is managed using liquidity risk management strategies set in the Liquidity Risk Management Policy. Liquidity Risk Measures are monitored against approved thresholds by GALCO and Group Risk Management Committee ("GRMC"). A contingency funding plan is also established by the Group and the Bank as a forward-looking measure to ensure that liquidity risk can be addressed according to the degrees of key risk indicators, and which incorporates alternative funding strategies which are ready to be implemented on a timely basis to mitigate the impact of unforeseen adverse changes in liquidity in the market place.

40. FINANCIAL RISK MANAGEMENT POLICIES (CONT'D)

(d) Operational and Shariah Non-Compliance Risk

Operational risk is the risk of direct or indirect loss resulting from inadequate or failed internal processes, people and systems or from external events. The definition of operational risk includes legal risk, but excludes strategic and reputational risk. Operational risk includes Shariah non-compliance risk which arises from the Group's failure to comply with the Shariah rules and principles determined by the relevant Shariah advisory councils.

Group Operational Risk of Group Risk Management formulates and implements operational risk framework within the Group while the line of businesses in conjunction with the Risk and Compliance Officers are responsible for the management of their day-to-day operational and Shariah non-compliance risks.

Operational and Shariah non-compliance risk management is a continual cyclic process which includes risk identification, assessment, control, mitigation and monitoring. This includes analysing the risk profile of the Group, determining control gaps, assessing potential loss and enhancing controls to mitigate the risks.

The main activities undertaken by the Group and the Bank in managing operational and Shariah non-compliance risks include the identification of risks and controls, monitoring of key risk indicators, reviews of policies and procedures, operational risk and Shariah non-compliance risk awareness training, and business continuity management.

The Group and the Bank apply the Basic Indicator Approach for operational risk capital charge computation.

41. CAPITAL COMMITMENTS

	GROUP		BANK	
	2024 RM'000	**2023 RM'000**	**2024 RM'000**	**2023 RM'000**
Capital expenditure:				
Authorised and contracted for	**307,576**	22,499	**307,239**	22,032
Authorised but not contracted for	**83,484**	94,120	**83,212**	94,046
	391,060	116,619	**390,451**	116,078

The capital commitments mainly consist of computer software, property, plant and equipment and building cost.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

42. COMMITMENTS AND CONTINGENCIES

In the normal course of business, the Group and the Bank make various commitments and incur certain contingent liabilities with legal recourse to their customers. No material losses are anticipated as a result of these transactions.

The off-balance sheet notional exposures of the Group and the Bank are as follows:

	GROUP		BANK	
	2024 RM'000	2023 RM'000	2024 RM'000	2023 RM'000
Credit-related exposures				
Direct credit substitutes [Note (a)]	**504,102**	488,308	**415,371**	406,699
Transaction-related contingent items [Note (a)]	**716,707**	666,236	**624,324**	592,687
Short-term self-liquidating trade-related contingencies	**242,230**	138,542	**225,444**	120,783
Forward assets purchase	**90,285**	241,988	**80,783**	226,988
Lending of banks' securities or the posting of securities as collateral by banks, including instances where these arise out of repo-style transactions.	**2,117,331**	-	**2,117,331**	-
Irrevocable commitments to extend credit:				
- maturity exceeding one year	**5,165,112**	3,162,549	**4,472,982**	2,665,690
- maturity not exceeding one year	**11,640,352**	10,812,148	**8,906,524**	8,300,015
Unutilised credit card lines	**1,889,873**	1,518,716	**1,889,873**	1,518,716
	22,365,992	17,028,487	**18,732,632**	13,831,578
Derivative financial instruments [Note (b)]				
Foreign exchange related contracts:				
- one year or less	**16,304,813**	15,710,254	**16,304,813**	15,710,254
- over one year to three years	**987,439**	951,319	**987,439**	951,319
- over three years	**120,483**	381,600	**120,483**	381,600
Interest rate related contracts:				
- one year or less	**1,633,954**	2,312,715	**1,633,954**	2,312,715
- over one year to three years	**6,177,524**	2,532,107	**6,177,524**	2,532,107
- over three years	**10,316,175**	6,849,073	**10,316,175**	7,147,073
Equity related contracts:				
- one year or less	**311,349**	340,226	**311,349**	340,226
- over one year to three years	**142,040**	118,690	**142,040**	118,690
	35,993,777	29,195,984	**35,993,777**	29,493,984
	58,359,769	46,224,471	**54,726,409**	43,325,562

Note:

(a) Included in direct credit substitutes and transaction-related contingent items are financial guarantee contracts of RM504,104,000 and RM415,427,000 (2023: RM488,390,000 and RM406,706,000) for the Group and the Bank respectively, of which the fair value at the time of issuance is RM Nil.

(b) These derivatives are valued on gross position basis and the unrealised gains or losses have been reflected in the statements of income and statements of financial position as derivatives financial assets and derivatives financial liabilities. The fair value of derivatives are disclosed under Note 8.

43. CAPITAL ADEQUACY

BNM's Transitional Arrangements for Regulatory Capital Treatment of Accounting Provisions took effect on 9 December 2020. This allows the Group and the Bank to add back a portion of Stage 1 ("S1") and Stage 2 ("S2") provisions with an "add-back factor" to the Common Equity Tier I ("CET I") capital from Financial Year 2021 to Financial Year 2024. The Group and the Bank have sufficient capital under both conditions with or without the Transitional Arrangement.

The capital adequacy ratios with and without transitional arrangements for the Group and the Bank are as follows:

		GROUP		BANK	
		2024	**2023**	**2024**	**2023**
(i)	With transitional arrangements				
	Before deducting proposed dividends				
	CET I capital ratio	**13.268%**	14.868%	**13.443%**	14.608%
	Tier I capital ratio	**13.979%**	15.714%	**14.111%**	15.410%
	Total capital ratio	**17.559%**	19.748%	**18.100%**	19.970%
	After deducting proposed dividends				
	CET I capital ratio	**12.907%**	14.494%	**12.970%**	14.111%
	Tier I capital ratio	**13.619%**	15.340%	**13.637%**	14.913%
	Total capital ratio	**17.199%**	19.374%	**17.627%**	19.473%
(ii)	Without transitional arrangements				
	Before deducting proposed dividends				
	CET I capital ratio	**12.890%**	14.145%	**13.152%**	14.082%
	Tier I capital ratio	**13.602%**	14.991%	**13.820%**	14.885%
	Total capital ratio	**17.182%**	19.025%	**17.809%**	19.445%
	After deducting proposed dividends				
	CET I capital ratio	**12.530%**	13.771%	**12.679%**	13.586%
	Tier I capital ratio	**13.242%**	14.617%	**13.346%**	14.388%
	Total capital ratio	**16.822%**	18.651%	**17.336%**	18.948%

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

43. CAPITAL ADEQUACY (CONT'D)

(a) Components of Common Equity Tier I ("CET I"), Tier I and Tier II capital under the revised Capital Adequacy Framework are as follows:

	GROUP		BANK	
	2024 RM'000	2023 RM'000	2024 RM'000	2023 RM'000

Total Capital	**8,633,462**	8,165,068	**6,781,492**	6,224,137

(b) The breakdown of risk-weighted assets ("RWA") by exposures in each major risk category are as follows:

	GROUP		BANK	
	2024 RM'000	2023 RM'000	2024 RM'000	2023 RM'000
Credit risk	**44,838,827**	37,472,854	**34,014,770**	28,173,763
Market risk	**560,041**	316,648	**559,800**	316,525
Operational risk	**3,768,311**	3,556,380	**2,892,670**	2,677,121
Total RWA and capital requirements	**49,167,179**	41,345,882	**37,467,240**	31,167,409

Detailed information on the risk exposures above is presented in the Bank's Pillar 3 Report.

43. CAPITAL ADEQUACY (CONT'D)

(c) The capital adequacy ratios of the banking subsidiaries are as follows:

	ALLIANCE ISLAMIC BANK BERHAD			
	With transitional arrangements		Without transitional arrangements	
	2024	**2023**	**2024**	**2023**
Before deducting proposed dividends				
CET I capital ratio	**12.938%**	13.717%	**12.287%**	12.401%
Tier I capital ratio	**13.785%**	14.694%	**13.134%**	13.377%
Total capital ratio	**16.049%**	17.122%	**15.398%**	15.806%
After deducting proposed dividends				
CET I capital ratio	**12.930%**	13.715%	**12.279%**	12.399%
Tier I capital ratio	**13.778%**	14.692%	**13.127%**	13.375%
Total capital ratio	**16.042%**	17.120%	**15.391%**	15.804%

44. CAPITAL

In managing its capital, the Group's objectives are:

(a) to maintain sufficient capital resources to meet the regulatory capital requirements as set forth by BNM;

(b) to maintain sufficient capital resources to support the Group's risk appetite and to enable future business growth; and

(c) to meet the expectations of key stakeholders, including shareholders, investors, regulators and rating agencies.

In line with this, the Group aims to maintain capital adequacy ratios that are comfortably above the regulatory requirement, while balancing shareholders' desire for sustainable returns and high standards of prudence.

The Group carries out stress testing to estimate the potential impact of extreme, but plausible, events on the Group's earnings, balance sheet and capital. The results of the stress test are to facilitate the formation of action plan(s) in advance if the stress test reveals that the Group's capital will be adversely affected. The results of the stress test are tabled to the Group Risk Management Committee for approval.

The Group's and the Bank's regulatory capital are determined based on the criteria set out in BNM's Capital Adequacy Framework. The Group and the Bank ensure that there is sufficient regulatory capital to comply with the prescribed capital adequacy ratio requirements at all times.

45. FAIR VALUE MEASUREMENTS

(a) Determination of fair value and the fair value hierarchy

MFRS 13 "Fair Value Measurement" requires disclosure of financial instruments measured at fair value to be categorised according to a hierarchy of valuation techniques, whether the inputs used are observable or unobservable. The following levels of hierarchy are used for determining and disclosing the fair value of the financial instruments:

Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3 – inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Group and the Bank recognise transfers between levels of the fair value hierarchy at the end of the reporting period during which the transfer has occurred. The fair value of an asset to be transferred between levels is determined as of the date of the event or change in circumstances that caused the transfer.

(i) Financial instruments in Level 1

The fair value of financial instruments traded in active markets is based on quoted market prices at the balance sheet date. A market is regarded as active if quoted prices are readily and regularly available from an exchange and those prices represent actual and regularly occurring market transactions on an arm's length basis. This includes listed equities and corporate debt securities which are actively traded.

(ii) Financial instruments in Level 2

Where fair value is determined using quoted prices in less active markets or quoted prices for similar assets and liabilities, such instruments are generally classified as Level 2. In cases where quoted prices are generally not available, the Group and the Bank then determine fair value based upon valuation techniques that use market parameters, including but not limited to yield curves, volatilities and foreign exchange rates, as inputs. The majority of valuation techniques employ only observable market data and so reliability of the fair value measurement is high. These would include government securities, corporate private debt securities, corporate notes and most of the Group's and the Bank's derivatives.

(iii) Financial instruments in Level 3

The Group and the Bank classify financial instruments as Level 3 when there is reliance on unobservable inputs to the valuation model attributing to a significant contribution to the instrument value. Valuation reserves or pricing adjustments where applicable will be used to converge to fair value.

The valuation techniques and inputs used generally depend on the contractual terms and the risks inherent in the instrument as well as the availability of pricing information in the market. Principal techniques used include net tangible assets, net asset value, discounted cash flows, and other appropriate valuation models. These include private equity investments.

45. FAIR VALUE MEASUREMENTS (CONT'D)

(b) Financial instruments measured at fair value and the fair value hierarchy

The following tables show the Group's and the Bank's financial instruments which are measured at fair value at the reporting date analysed by the various levels within the fair value hierarchy:

GROUP 2024	Level 1 RM'000	Level 2 RM'000	Level 3 RM'000	Total RM'000

Derivative financial assets	-	223,637	-	223,637
Liabilities				
Financial liabilities designated at fair value through profit or loss	-	1,785,157	-	1,785,157
Derivative financial liabilities	-	366,165	-	366,165

There were no transfers between levels of the fair value hierarchy for the Group and the Bank during the financial years ended 31 March 2024 and 31 March 2023.

45. FAIR VALUE MEASUREMENTS (CONT'D)

(b) Financial instruments measured at fair value and the fair value hierarchy (cont'd)

The table below outlines the reconciliation of movements in Level 3 financial instruments:

	GROUP		BANK	
	2024 RM'000	**2023 RM'000**	**2024 RM'000**	**2023 RM'000**
At 1 April	**257,206**	245,842	**257,206**	171,488
Acquisition during the year	**–**	-	**–**	71,035
Disposal during the year	**–**	(3,319)	**–**	-
Total gains recognised in statements of income				
(i) Revaluation gain from financial assets at FVTPL	**20,767**	14,686	**20,767**	14,686
(ii) Write-off	**–**	(3)	**–**	(3)
At 31 March	**277,973**	257,206	**277,973**	257,206

The Group's and the Bank's exposure to financial instruments measured using unobservable inputs (Level 3) constitutes a small component of the Group's and the Bank's portfolio of financial instruments. Changing one or more of the inputs to reasonable alternative assumptions would not change the value significantly for the Level 3 financial instruments.

Qualitative information about the fair value measurements using significant unobservable inputs (Level 3):

	Fair value assets				
Description	**2024 RM'000**	**2023 RM'000**	**Valuation techniques**	**Unobservable inputs**	**Inter-relationship between significant unobservable inputs and fair value measurement**
GROUP					
Financial assets at FVTPL					
Unquoted securities	**277,973**	257,206	Net tangible assets	Net tangible assets	Higher net tangible assets results in higher fair value
BANK					
Financial assets at FVTPL					
Unquoted securities	**277,973**	257,206	Net tangible assets	Net tangible assets	Higher net tangible assets results in higher fair value

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

45. FAIR VALUE MEASUREMENTS (CONT'D)

(c) Fair values of financial instruments not carried at fair value (cont'd)

The methods and assumptions used in estimating the fair values of financial instruments are as follows:

(i) Financial investments at amortised cost

The fair values are estimated based on quoted or observable market prices at the end of the reporting period. Where such quoted or observable market prices are not available, the fair values are estimated using pricing models or discounted cash flow techniques. Where discounted cash flow technique is used, the expected future cash flows are discounted using prevailing market rates for a similar instrument at the end of the reporting period.

(ii) Loans, advances and financing

The fair values of fixed rate loans with remaining maturity of less than one year and variable rate loans are estimated to approximate their carrying values. For fixed rate loans and Islamic financing with remaining maturity of more than one year, the fair values are estimated based on expected future cash flows of contractual instalment payments and discounted at applicable prevailing rates at the end of the reporting period offered to new borrowers with similar credit profiles. In respect of impaired loans, the fair values represented by their carrying values, net of impairment allowances, will be the expected recoverable amount.

(iii) Deposits from customers, deposits and placements of banks and other financial institutions

The fair values of deposit liabilities payable on demand (demand and savings deposits), or deposits with maturity of less than one year are estimated to approximate their carrying amounts. The fair values of fixed deposits with remaining maturities of more than one year are estimated based on expected future cash flows discounted at applicable prevailing rates offered for deposits of similar remaining maturities. For negotiable instruments of deposits, the fair values are estimated based on quoted or observable market prices as at the end of the reporting period. Where such quoted or observable market prices are not available, the fair values of negotiable instruments of deposits are estimated using the discounted cash flow technique.

(iv) Recourse obligations on loans and financing sold to Cagamas

The fair values of recourse obligations on loans and financing sold to Cagamas are determined based on the discounted cash flows of future instalment payments at applicable prevailing Cagamas rates as at the end of the reporting period.

(v) Other borrowings and subordinated obligations

The fair value of the other borrowings and subordinated bonds/notes is estimated based on the discounted cash flows techniques using the current yield curve appropriate for the remaining term to maturity.

46. OFFSETTING FINANCIAL ASSETS AND FINANCIAL LIABILITIES

In accordance with MFRS 132 "Financial Instruments: Presentation", the Group and the Bank report financial assets and financial liabilities on a net basis on the statements of financial position, only if there is a legally enforceable right to set off the recognised amounts and there is intention to settle on a net basis, or to realise the asset and settle the liability simultaneously. The following table shows the impact of netting arrangements on:

(i) all financial assets and liabilities that are reported net on the statements of financial position; and

(ii) all financial assets and liabilities that are subject to enforceable master netting arrangements or similar agreements, but do not qualify for statements of financial position netting.

(a) Financial assets

	Gross amounts of recognised financial assets RM'000	Gross amounts of recognised financial liabilities set off in the statement of financial position RM'000	Net amounts of financial assets presented in the statements of financial position RM'000	Related amounts not set off in the statements of financial position: Financial instruments RM'000	Related amounts not set off in the statements of financial position: Cash collateral received RM'000	Net amount RM'000
GROUP

AS AT 31 MARCH 2024

46. OFFSETTING FINANCIAL ASSETS AND FINANCIAL LIABILITIES (CONT'D)

(b) Financial liabilities

	Gross amounts of recognised financial liabilities RM'000	Gross amounts of recognised financial assets set off in the statement of financial position RM'000	Net amounts of financial liabilities presented in the statements of financial position RM'000	Related amounts not set off in the statements of financial position		Net amount RM'000
				Financial instruments RM'000	Cash collateral pledged RM'000	
GROUP						
2024						
Derivative financial liabilities	287,067	-	287,067	(95,755)	(154,394)	36,918
GROUP						
2023						
Derivative financial liabilities	366,140	-	366,140	(166,688)	(158,626)	40,826
BANK						
2024						
Derivative financial liabilities	287,067	-	287,067	(95,755)	(154,394)	36,918
BANK						
2023						
Derivative financial liabilities	366,165	-	366,165	(166,688)	(158,626)	40,851

For the financial assets and liabilities subject to enforceable master netting arrangements or similar arrangements, each agreement between the Group and the Bank and the counterparty allows for net settlement of the relevant financial assets and liabilities when both elect to settle on a net basis. In the absence of such an election, financial assets and liabilities will be settled on a gross basis, however, each party to the master netting agreement or similar agreement will have the option to settle all such amounts on a net basis in the event of default of the other party.

47. SEGMENT INFORMATION

The following segment information has been prepared in accordance with MFRS 8 "Operating Segments", which defines the requirements for the disclosure of financial information of an entity's operating segments. The operating segments results are prepared and provided to the chief operating decision-maker based on the Group's internal management reporting reflective of the organisation's management reporting structure.

Based on the results presented to the chief operating decision-maker, funds are allocated between segments and inter-segment funding cost transfers are reflected in net interest income. In addition to the operating segments, the segment information disclosed also includes inter-segment eliminations. Transactions between reportable segments are eliminated based on principles of consolidation as described in accounting policy. Intercompany transactions, balances and unrealised gains and losses on transactions between the Group's companies are eliminated in inter-segment eliminations.

The Group is organised into the following key operating segments:

(i) Consumer Banking

Consumer Banking provides a wide range of personal banking solutions covering mortgages, term loans, personal loans, hire purchase facilities, credit cards and wealth management (cash management, investment services, share trading, bancassurance and will writing). Consumer Banking customers are serviced via branch network, call centre, electronic/internet banking channels, and direct sales channels.

(ii) Business Banking

Business Banking segment covers SME, and Corporate and Commercial Banking. SME Banking customers comprise the self-employed, and small and medium scale enterprises. Corporate and Commercial Banking serves the public-listed and large corporate business customers including family-owned businesses. Business Banking provides a wide range of products and services including loans, trade finance, cash management,treasury and structured solutions.

(iii) Financial Markets

Financial Markets provides foreign exchange, money market, hedging and investment (capital market instruments) solutions for banking customers. It also manages the assets and liabilities, liquidity and statutory reserve requirements of the banking entities in the Group.

(iv) Stockbroking and Corporate Advisory

Stockbroking and Corporate Advisory covers stockbroking activities and corporate advisory which includes initial public offering, equity fund raising, debt fund raising, mergers and acquisitions and corporate restructuring.

(v) Others

Others refers to mainly other business operations such as alternative distribution channels, trustee services and head office.

NOTES TO THE FINANCIAL STATEMENTS
AS AT 31 MARCH 2024

48. SIGNIFICANT EVENTS DURING THE FINANCIAL YEAR

(i) The Bank had entered into a Bancassurance Partnership Agreement with Manulife Insurance Berhad in Malaysia on 28 July 2023, to extend the Bank's exclusive Life bancassurance partnership for a further 15 years.

(ii) The Bank had on 9 October 2023 entered into a conditional Sale and Purchase Agreement with Oxley Rising Sdn Bhd for the acquisition of 24 floors of office suites together with four adjoining retail lots on the 2-storey retail podium, all to be stratified and located at Tower 3 (Menara C) ("Properties"), which forms part of the ongoing mixed commercial cum residential development by ORSB located along Jalan Ampang, Kuala Lumpur City Centre, for a total purchase price of RM405,839,320.

The Properties are intended to be the new Corporate Office of ABMB Group and expected to be completed by end of November 2024.

49. SUBSEQUENT EVENTS

There were no material events subsequent to the end of the financial year that require disclosure or adjustment.
